## Rising Rivers Cause Concern In Island Districts

### Heavy Rains Are Responsible For Unusual Floods

Precipitation of 4.75 inches at Jordan River Within Last Twenty-four Hours Puts Three and a Half Feet of Water Over Sills at Power Plant; Duncan Golf Course is Flooded; Nanaimo Reports 9.68 Inches of Rain for Month; West Coast Area Threatened by Floods.

Much territory in various sections of Vancouver is flooded by overflowing streams swollen by the recent heavy rains. While the flooded state of the country is causing some concern in the more remote districts no serious danger has been experienced, and the authorities have the situation well in hand in all the flood affected areas.

#### JORDAN RIVER SITUATION

There has been 4.75 inches of rain within the last twenty-four hours in the region of the Jordan River hydro-electric plant of the Vancouver Island Power Company. It was announced this morning by company officials. Three and a half feet of water is flowing over the sills at Jordan River at the present time. While this is high, it is not extreme, engineers stationed at the plant, say. The precipitation has been greater in the past with a rainfall of 5.2 inches and for feet over the sills.

The new flume is being well tested out, and is holding up wonderfully well under the high-pressure conditions. Under unusual freshets the old flume used to suffer considerably.

#### COWICHAN OVERFLOWS

It was reported to-day from Duncan that the Cowichan and Ketchikan Rivers had overflowed their banks. The road from the Ketchikan bridge to the South Cowichan tennis courts is flooded for some distance to a depth of a foot.

There have been several washouts on the Cowichan Lake Road, and No. 5 stream at the Cowichan Golf Club's course is completely inundated.

#### WET AT NANAIMO

January has proved to be the wettest month for several months in Nanaimo and district. According to information received here from Nanaimo to-day, this month's precipitation shows 9.68 inches. More rain is forecast. The average precipitation for the month of January during the last twenty years has been 5.57 inches. This month's rainfall in the Nanaimo area doubles all previous averages.

## Tells of Experience With Chinese Pirates

Visitors From Orient Face Dangers on Way From Calcutta; Raiders Storm Boat Which Pirates Aboard Ran Aground.

Thrilling stories of riots in Calcutta, a trip through the China sea on a ship invaded by Chinese pirates and a shipwreck in the narrow waters approaching Hongkong were told in Victoria this morning by James H. W. Howie, who arrived here yesterday from the Orient aboard the Japanese liner Yokohama Maru with his wife and nineteen-year-old daughter, Miss Hazel Howie.

They are at present staying at the Windermere Hotel and intend to make their future home in Victoria, although it is the first time they have ever set foot on the North American continent.

It was when Mr. Howie and his family left Calcutta December 1 to come to Victoria that they met with the most thrilling experience in their lives. After living in India for thirteen years they decided to sail for Victoria to make their home here.

They sailed from Calcutta on the 6,000-ton steamer Kut Sang of the Jardine Matheson Company. The Kut Sang had a crew of seventy Chinese and about eighty European navigating officers.

ONLY WHITE PEOPLE ABOARD

Mr. Howie with his wife and daughter and three other were the only white passengers aboard.

The trip from the India port to Singapore was made without incident, other than the crashing of a dock at the entrance of the voyage. But at Singapore the thrills began. There 1,500 Chinese were taken aboard for Hongkong and the white passengers

## ECKMANN IS NOW FLYING BACK HERE

Search For Pilot Renahan Abandoned in Northern Coast Waters

Search for Pilot Robin Renahan, Sam Cierf and Frank Hatcher has been abandoned in the region of Ketchikan, the provincial police here have been advised by Inspector John McDonald at Prince Rupert.

The provincial police patrol launch F.M.L. 8, in charge of Constable Olson, has returned to Prince Rupert from Ketchikan, after thoroughly scouring the coast, particularly in the vicinity of Dawson Island, where some plane wreckage was discovered, in conjunction with the U.S. cutter Cygan.

Pilot Ansel Eckmann is now returning in the plane Wrangell from Ketchikan, and is expected to report to police headquarters in Victoria before proceeding to Seattle.

The Eckmann expedition was financed by the Provincial Government.

### Paulowa Remains Sent to England For Final Rites

London, Jan. 28.—The body of Anna Paulowa was brought to-day to the England and the learned to her native Russia. It was taken to the Russian Orthodox Church here, to be in state until noon to-morrow. A funeral service will be held then and the body will be cremated and interred at Ivy House, Hampstead, North London.

A detailed report of Mr. Hinchliffe's statement yesterday evening appears on page three.

### THREE CLUBS TO HEAR DR. OLIVER

Men's and Women's Canadian Clubs and Education Fellowship to Attend Lunch

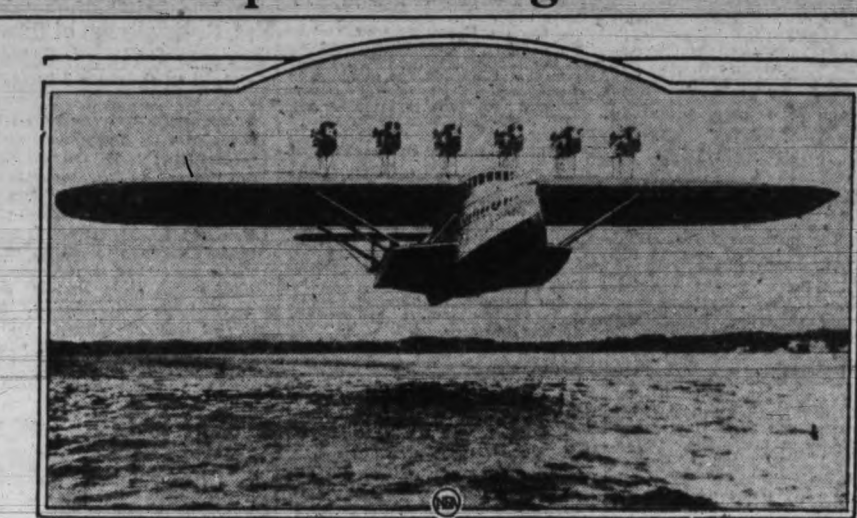

Members of the Men's and Women's Canadian Clubs and the New Education Fellowship will attend the luncheon given by the former club to Rev. Dr. E. H. Oliver, M.A., Ph.D., P.R.S.C., Moderator of the United Church of Canada and principal of St. Andrew's College, Saskatoon, at the Empress Hotel on Saturday.

For the meeting, Dr. Oliver has chosen the cryptic subject "The One and the Many." Known as a prominent educationalist, lecturer and writer, the speaker has a message of great interest to Victorians. This was incorrect. Members of these organizations will be welcomed at the luncheon.

### POINCARE RUMORS DENIED

Paris, Jan. 28.—Rumors that Raymond Poincare's condition suddenly had grown worse went the rounds in Paris last evening, but were denied to-day by his physician, who said the health of the patient was as satisfactory as possible.

## To Attempt Ocean Flight To-morrow

DO-X, WORLD'S LARGEST FLYING BOAT

Lisbon, Portugal, Jan. 28.—The DO-X, giant German flying boat, made a trial flight this forenoon in preparation for a take-off to-morrow on the first stage of a transatlantic flight to Brazil. The flight was a complete success and proved the efficiency of recent repairs to one of the wings, which was burned several weeks ago after the ship had come here from Altenheim.

## New Policy Statement Soon By U.B.C. Senate

President Klinck Says University Body Will Discuss B.C. Government's Plan of Limitation of Attendance When All Reports Summarized

Vancouver, Jan. 28.—Dr. E. S. Klinck, president of the University of British Columbia, speaking of the proposal of the Provincial Government that the registration of students be limited to the present accommodations at the university, to-day announced the Senate would meet to discuss the matter as soon as all data bearing on it could be prepared.

The Senate, at its session yesterday evening, did not discuss the statement of policy it had heard from Hon. Josiah Hinchliffe, Minister of Education. The Senators listened attentively to his exposition of the theme and asked a few questions.

In outlining the proposal to limit U.B.C. attendance, Mr. Hinchliffe said: "The Provincial Government accepts the responsibility of formulating a policy regarding registration at the University of British Columbia, and requests that no more students be enrolled than the buildings can accommodate with efficiency."

He proposed a selective system as the basis for the choice of the students enrolled.

A detailed report of Mr. Hinchliffe's statement yesterday evening appears on page three.

## GREAT CROWDS AWAIT GANDHI AT ALLAHABAD

Scenes in That India City Expected to Parallel Those Yesterday in Bombay

Canadian Press

Bombay, Jan. 28.—Leaving behind him a message to India's Nationalist millions that their independence campaign would be continued, Mahatma Gandhi to-day, speeded by train toward Allahabad, central Indian city, where are gathered most of the members of the Nationalist working committee.

At Allahabad, India's "City of God," located on the sacred Ganges, he will visit the bedside of one of his dearest friends, the aged Pandit Motilal Nehru, father of Jawaharlal Nehru, president of the All-India National Congress, and discuss with him Britain's offer of an eventual qualified dominion status for India.

#### ALLAHABAD CROWDS

He faces in Allahabad, when he arrives there this evening, a welcome probably as frenzied as that which he met yesterday at dawn on his arrival here after nearly nine months in the Yeroda prison. In the crush which centered about his frail ninety-six-pound body here yesterday, the woman was trampled to death and

(Concluded on Page 2)

## NET EARNINGS OF C.P.R. INCREASE

Montreal, Jan. 28.—An increase of \$1,008,251 in the net profits of the Canadian Pacific Railway for the month of December, 1930, as compared with the corresponding month of 1929, is shown in an earnings report issued to-day. The gain in profits was made up partly by an increase in gross earnings and partly by a cut in working expenses.

## BENNETT TO GO TO-MORROW TO THE U.S.

Premier to Discuss New Canadian Minister and St. Lawrence With Hoover

Col. MacNider, U.S. Minister to Canada, Will Be in Washington During Discussions

Ottawa, Jan. 28.—Premier R. B. Bennett will leave here for Washington to-morrow, going by way of New York. While the primary object of his visit is to examine the Canadian Legation in the United States capital, much interest will be centred on the conference between the Prime Minister and President Hoover, when doubtless such problems as the St. Lawrence waterways development will come up.

The government has under consideration the appointment of a Canadian Minister to the United States and many are of the opinion an announcement will be made soon after Mr. Bennett's return to Ottawa.

### MACNIDER HONORED

Yesterday evening Col. Hanford MacNider, United States Minister to Canada, and Mrs. MacNider were guests of honor at a government banquet given by the Prime Minister. The formal welcome had been somewhat delayed owing to the change of government, and the emergency session of parliament and the Imperial Conference, but it was none the less a most cordial and to honor to the United States minister and his wife.

The Prime Minister spoke on behalf of the government and Rt. Hon. W. L. Mackenzie King as leader of the official opposition.

Col. MacNider has been authorized by his government to proceed to Washington to-day, having passed the Senate yesterday by a vote of thirteen to three. It gives the government a new source of revenue from increased taxes in almost every division of industrial, social and economic life. The purpose of the law is to help refill Cuba's national treasury.

#### CUBA'S TAXES GO UP

Havana, Jan. 28.—Cuba's emergency economic law was before the President for signature to-day, having passed the Senate yesterday by a vote of thirteen to three. It gives the government a new source of revenue from increased taxes in almost every division of industrial, social and economic life. The purpose of the law is to help refill Cuba's national treasury.

## STAGES HANDLE ISLAND TRAVEL IN AFTERNOONS

Coach Lines Will Carry Passengers When Train Stops; Seek Mail Contract

Stage Will Leave at 2.30 p.m. For Nanaimo; Shawigan to Be Well Served

Arrangements have been made by the Vancouver Island Coach Lines to take care of Up-Island traffic following the discontinuance on February 1 of the afternoon train on the Esquimalt and Nanaimo Railway. A stage will leave here daily at 2.30 o'clock and reach Nanaimo at 6.15 o'clock. Connection will be made, not only by the coach, but by the other two that go through to Nanaimo each day, with another coach which will serve the Shawigan Lake district.

J. H. S. Matson of the Coach Lines this morning stated that every effort would be made to serve the residents Up-Island and give them good connections with Victoria. Shawigan Lake residents were particularly alarmed over the cancellation of the afternoon train service out of Victoria, but from February 1 they will have three stages daily serving them as well as the morning train.

The Coach Lines operates three stages daily at present to Nanaimo, the first leaving at 8.30 o'clock in the morning, the second at 1.30 in the afternoon and the third at 6.15 in the evening. In order to accommodate the public the Coach Lines has arranged to send the afternoon stage north one hour later than formerly, to take care of passengers who formerly went north on the train.

Mr. Matson also announced that the Coach Lines had tendered on the mail contract between here and Nanaimo, offering to handle the mail at the same figure as the E. and N. The Coach Lines wants to handle the mail twice daily out of Nanaimo and on the afternoon stage out of Victoria.

The province of Katowitz, about forty miles from Krakow, is an iron mining district. The capital, also called Katowitz, has a population of about 32,000.

### GUARDS SEIZE GREAT STILL

New York, Jan. 28.—A distillery valued at more than \$500,000, the largest seized in New York since the advent of prohibition, was in the hands of federal prohibition agents to-day. Four arrests were made at King's, where the seizure was made yesterday evening.

The seized distillery, in which 10,000 gallons still was operating when the agents burst in, consists of two buildings—four-story and three-story brick structures.

In addition to the huge still there were a 5,000-gallon storage tank, eleven empty 10,000-gallon vats, one 5,000-gallon vat, 1,700 empty gallon containers, 300 gallons of alcohol and a 2,000-gallon tank filled with fuel oil.

#### RECORDED AT LONDON

London, Jan. 28.—The Air Ministry to-day announced the seismograph at New Observatory had recorded a violent earthquake yesterday evening, and a second of smaller proportions this morning. The epicentre of the first was estimated near the southeast border of China. The direction of the second was not known, but the distance was estimated at 1,200 miles.

#### RECORDED AT KARLSRUHE

Severe earth shocks were registered by the seismograph at the Karlsruhe Observatory between 9.30 and 9.50 p.m. yesterday. The distance was estimated at 4,700 miles. Further violent shocks at an estimated distance of 900 miles were registered between 7 and 7.30 a.m. to-day.

## JOSEPHINE K. MEN SWEAR GUARD DRUNK

Stand By Story of Their Mate When Heard at New York Inquiry

Washington Receives Report It Is Suspected Josephine K. Owned in U.S.

Washington, Jan. 28.—A "suspicion" that the rum-runner Josephine K. was owned in the United States has been communicated to the State Department by the United States consulate at Yarmouth, Nova Scotia. Department officials to-day said the consulate's report was based on a rumor in Yarmouth that the vessel was owned by the same ring in this country that it is charged, owned the Canadian registered schooner, the Alone, sunk in March, 1929, in the Gulf of Mexico with the loss of one life.

#### FLEW CANADIAN FLAG

Ottawa, Jan. 28.—While dispatches intimating the Josephine K. is owned in the United States have aroused some interest here, the feeling appears to be that the point is not one of major importance at present. The vessel is registered in Canada and was flying the Canadian flag, according to information so far obtainable.

The view is expressed here that it devolves on a country to protect its registered shipping sailing under its flag. This it is stated, is a generally accepted principle. It is regarded as very unlikely the officer in command of the United States coastguard vessel which fired on the Josephine K. and killed its master made any inquiries as to the ownership of the power schooner.

#### REPORT AWAITED

The Department of External Affairs is still silent pending receipt of a report on the circumstances surrounding the incident. Official records in the Department of Marine here show the Josephine K. is registered as being the property of the Liverpool Shipping Company of Halifax. That company took the vessel over in September, 1930.

#### NEW YORK INQUIRY

New York, Jan. 28.—The board of inquiry investigating the shelling by United States Coastguard cutter 145 of the Canadian rum-runner Josephine K. received to-day a letter from the request of Gerald Campbell, British Consul-General, who said he wanted to produce members of the liquor ship's crew to testify about the alleged drunkenness of Karl Schmidt, boatwain in charge of the cutter that made the seizure.

#### ANGER AROUSED

The board was informed to-day that one member of the crew threatened vengeance for the killing of the master, Captain William P. Cluett, who was slain by a coastguard shell. The threat, the board was told, came from Alfred Cluett, cook aboard the Josephine K. and brother of the captain.

## EAST GERMANY IS SCENE OF EARTHQUAKE

Reports of Shocks Come From Silesia; Damage Is Believed Slight

Violent Shocks Yesterday Evening Believed to Have Rocked Southern China

Canadian Press

Berlin, Jan. 28.—Violent earthquake shocks were felt this morning at Hindenburg in Upper Silesia and through the Katowitz district. Damage was believed to have been comparatively slight.

The province of Katowitz, about forty miles from Krakow, is an iron mining district. The capital, also called Katowitz, has a population of about 32,000.

In the town of Hindenburg, not far from the capital of the province, the inhabitants were panic stricken, but there were no reports of casualties.

Severe earth shocks were registered by the seismograph at the Karlsruhe Observatory between 9.30 and 9.50 p.m. yesterday. The distance was estimated at 4,700 miles. Further violent shocks at an estimated distance of 900 miles were registered between 7 and 7.30 a.m. to-day.

#### RECORDED AT LONDON

London, Jan. 28.—The Air Ministry to-day announced the seismograph at New Observatory had recorded a violent earthquake yesterday evening, and a second of smaller proportions this morning. The epicentre of the first was estimated near the southeast border of China. The direction of the second was not known, but the distance was estimated at 1,200 miles.

#### RECORDED AT KARLSRUHE

Severe earth shocks were registered by the seismograph at the Karlsruhe Observatory between 9.30 and 9.50 p.m. yesterday. The distance was estimated at 4,700 miles. Further violent shocks at an estimated distance of 900 miles were registered between 7 and 7.30 a.m. to-day.

## CLEARING OF NARROWS IS ADVOCATED

Federal Inquiry, Opened in Vancouver To-day, Brings United Suggestion From Captains of Vessels Plying British Columbia Waters That Ripple Rock Be Blasted; They Recommend No Bridge Pier or Other Structure Be Erected There.

## SAYS RELEASE OF GANDHI IS WISE MEASURE

MRS. ANNIE BESANT

Madras, India, Jan. 28.—Mrs. Annie Besant, Theosophist, to-day characterized Great Britain's offer of self-government to India as "a move which has averted the possibility of war between Asia and Europe."

"England's generous action in releasing Gandhi and the other Nationalist leaders," she said, "has averted the spectre of war which has haunted us for many years. In reversing England's former policy, Premier MacDonald showed sublime courage, but his action will be ascribed by many to a fear of India rather than to the highest heroism and a desire to bring justice. What he has done may change the sullen hostility of India into surprised friendliness."

#### TELS OF FOGS

The pilots who gave their evidence to the commission—all men of long experience on the inland route—told the sudden descent of fog banks in the vicinity, which they said came too suddenly for ships to turn about.

With the fog flow, which reaches as high as eighteen land miles an hour in the channel, any ship which struck would be a "total casualty," one captain stated.

#### SEATTLE MAN HEARD

Charles D. Garfield of the Seattle Chamber of Commerce opened the session by terming the rock the "only serious obstruction or menace at the present time on the whole passage from the Gulf of Georgia to Alaska." Representations had been made to both the Canadian and United States governments by the Seattle board, he continued, and in view of "the constantly growing trade with the north in particular, the danger is becoming more and more apparent."

#### HEAVY TRAFFIC

It was shown on the records that in 1929—and most of the traffic was within three or four months—that more than 121,000 passengers had traveled over the route aboard Canadian and United States vessels. "The cost of blasting this rock is inconsiderable when compared to the safety to passengers and ships which would result," Mr. Garfield said. He explained that in addition to the regular routes, almost the whole Alaska fleet used the Seymour Narrows passage.

#### APPROACHING SHIPS

## MAN AND SIX CHILDREN DIE IN HOUSE FIRE

Williamsport, Pa., Jan. 28.—Clyde Smith, fifty-three, and six children, ranging in ages from four to seventeen years, were burned to death when fire destroyed their home at Powys, seven miles north of here, early to-day.

The mother escaped, badly burned, with a two months old infant. A son, also made his way to safety. The victims, in addition to the father, were Frederick, seventeen; Marian, sixteen; Darfida, four; Catherine, eleven; Max, six; and Gerald, four. The fire is believed to have been started from an overheated stove in the kitchen.

## NEW PLANS URGED TO PROTECT SCENIC BEAUTIES OF NIAGARA

Canadian Press

Washington, Jan. 28.—As a result of the recent rockslide at Niagara Falls, which left an indentation 130 feet long and forty feet deep in the crest of the United States falls, President Hoover has directed Secretary of State Stimson and Secretary of War Hurley to suggest to the Canadian Government a meeting of the special International Niagara Board to plan measures for the preservation of the scenic beauties of the great cataract.

In stating he had asked the secretaries to suggest the meeting of the international board, Mr. Hoover said he hoped the Senate would soon ratify the proposed treaty between the United States and Canada which covers preservation of the falls.

#### Canadian Press

Vancouver, Jan. 28.—That construction of a pier for a bridge or other obstruction on Ripple Rock in Seymour Narrows could not be "considered for a second," as ships using the inland passage are forced by tidal currents to within a treacherously narrow distance of the rock as it now stands, was one of the unqualified expressions of veteran seamen who have used the inland passage for years, in giving evidence before the Royal Commission in the board room of the Vancouver Merchants' Exchange Building this forenoon.

The commission is hearing evidence on the long-discussed proposal to blast the rock so ships would have a thirty-foot depth in the Vancouver Island Channel at Seymour Narrows.

The commission adjourned at 1 p.m. to meet again to-morrow forenoon.

Capt. A. Johnstone of the Union Steamship Co. was vigorous in his argument against any building on the rock. "It is bad enough as it now stands," he declared, "and our company is particularly anxious to see nothing is done in that line. As it stands now ships have to come so close to the rock in navigating the passage that if there was anything on it they would be sure to hit it." Reports of past accidents in the channel proved this, he claimed.

The pilots who gave their evidence to the commission—all men of long experience on the inland route—told the sudden descent of fog banks in the vicinity, which they said came too suddenly for ships to turn about.

With the fog flow, which reaches as high as eighteen land miles an hour in the channel, any ship which struck would be a "total casualty," one captain stated.

#### SEATTLE MAN HEARD

Charles D. Garfield of the Seattle Chamber of Commerce opened the session by terming the rock the "only serious obstruction or menace at the present time on the whole passage from the Gulf of Georgia to Alaska." # Put Moist Spring Air in Your Home all Winter

The Doherty-Brehm Humidifying Radiator does it... The first successful low-cost humidifier for any radiator-heated building.

Solved... the last problem of winter comfort and health.

The Doherty-Brehm Humidifying Radiator now offers to all hot water, steam, or vapor-heated homes an indoor winter atmosphere that is not only comfortably warm but pleasantly, healthfully moist.

It forever banishes dry stifling air, and removes dry air's constant threat of colds, mastoids, sinus and ear infections; while it keeps furniture and woodwork from cracking. Your children, your wife, you... even house plants... thrive better after you install the Doherty-Brehm.

Scientific, effective, low-priced

It's no makeshift radiator pan, supplying an insignificant amount of moisture. It is a scientifically worked out humidifier that evaporates 1 to 100 gallons of water daily, regulating the amount as

needed. **Automatic**; it evaporates more water on cold days when more is needed, less on mild when not so much is needed. One humidifies the average house. **Easily installed**; just like an ordinary radiator. **Heats while it humidifies**, so you needn't worry about loss of heat in adding this unit to your heating plant.

Buy it on the Crane Budget Plan

The cost of this remarkable forward step in winter health and comfort is surprisingly low. And you can have it fully installed under the Crane Budget Plan for only a small amount down, the balance monthly. See it at nearby Crane Exhibit Rooms. Buy now, from any responsible heating and plumbing contractor.

Mail the coupon for facts

You'll want to know all about this ingenious heating improvement. Mail the coupon for full facts.

**COUPON**

## B.C. University Is Asked To Limit Registration To Present Accommodations

Senate Hears Proposals of Provincial Government For Point Grey Institution as Outlined By Hon. J. Hinchliffe, Minister of Education

Vancouver, Jan. 28.—A policy of limitation of student registration at the University of British Columbia, and more rigid selection by merit of those who are admitted, was laid before the Senate of the institution yesterday evening by Hon. Joshua Hinchliffe, Minister of Education. These moves alone, he said, could solve the present difficulties.

The Senate was informed it was impossible for the government to provide funds at present for extension of the accommodation at the university sufficient to relieve the overcrowding and serious menace of fire pointed out by the Board of Governors.

**GOVERNORS' VIEWS**

The Minister recently conferred with the board of governors of the university, and received from it representations which he laid last week before the Cabinet. Mr. Hinchliffe recalled these representations to the Senate.

The governor, said Mr. Hinchliffe to the senate, had asked a prompt decision by the government on the serious overcrowding at the university. The overcrowding, it had been pointed out, had resulted in classes too crowded to be effectively taught, and in greatly increased danger of loss of life by fire.

The governor, continued the minister, had taken the stand that the duty of deciding what action should be followed lay with the government.

The following suggestions had been made to the board and handed on to the government, he recalled: Reduction of registration to suit the accommodation available; no further extension of faculties or departments; limitation of work of existing departments to that carried on at present, and postponement of the question of increased accommodation for the time being.

The government, he said, was of the opinion there were only two practicable methods to overcome overcrowding—one by an increase in accommodation, and the other by reduction in student registration. It was at present impossible, and might be so for years, to provide such an increase in accommodation at the university, stated the minister. There remained only one course, and that was to reduce registration to the point where the existing accommodation would suffice.

**SENATE'S DUTY**

The senate, continued the minister, was charged legally with the duty of determining "all questions relating to the admission of students to the university or to any faculty thereof."

Since the board of governors had declared the Provincial Government was the body to decide the vital question of limitation of registration, the government felt it was justified in approaching the senate and declaring its policy, asking the senate to put that policy into effect.

The governors had said the university had followed the policy laid down by the former administration, one that the institution should be open, free of charge, to all students with the requisite academic standing. Mr. Hinchliffe continued. No material change, except the imposition of a moderate fee on students, had been since made, the board had declared.

**SAY CONDITIONS CHANGED**

"The government takes the position conditions are now entirely different from those which prevailed at the time the former administration laid down its policy, and that it is now absolutely impossible for British Columbia to provide a university open, free of charge, to all students with the requisite academic standing," the minister continued.

"Indeed, from the very beginning the University Act has never required this, for in Section 9, of 1924, it limits the liability of the university to the extent of its resources," he said.

The government felt, for these reasons, that it was not exceeding its duty in laying down a policy in regard to registration, and in suggesting to the senate that it desired to see that policy carried out, said Mr. Hinchliffe.

**SELECTIVE METHOD**

"The government desires that no more students be allowed to enter the university than the buildings can accommodate in such a manner as to allow the work of the university to be done in the most efficient way," he said. "The government desires that the candidates for admission received each year shall be those who appear to offer the best possibilities of assimilating and making good use of the education obtained at the university, and suggests the vacancies available each year be filled from the applicants in the order of merit in which they appear upon the matriculation pass list."

"The government," the minister continued, "is moved to lay down this policy by certain considerations in addition to those advanced by the board."

**PEACE RAILWAY PLANS ARE URGED**

Canadian Press

Vancouver, Jan. 28.—Federal and provincial legislative representatives of both parties met the On-to-the-Peace Association at a private luncheon here yesterday.

In a statement issued following the meeting it was said all the legislators present had promised support for the project to build a line to connect with the existing Pacific Great Eastern Railway. It was considered advisable immediate action be taken, as the great amount of construction work involved would do much to alleviate unemployment conditions.

Those who attended the conference were: C. E. Tisdall, president of the On-to-the-Peace Association; Hon. Ian Mackenzie, M.P.; A. E. Munn, M.P.; Wilfred Hanbury, M.P.; T. H. Kirk, M.P.; George A. Walker, M.P.; J. W. Cornett, M.P.; W. R. Rutledge, M.P.; J. Loutet, M.P.; Alderman John Bennett; Mayne D. Hamilton, president of the Vancouver Board of Trade; A. L. McWilliams; W. A. Woodward; Douglas C. Lee Jr.; Lieut.-Col. Nelson Spencer, M.P.; and J. A. Campbell.

**Heat Your Home Without a Furnace!**

You can heat every room in the home with one of the new Dominion Circulating Heaters. Costs far less than a furnace to install, consumes less fuel. Ornamental, too, and you can buy it on easy terms.

**Governments To Aid Farmers In Seed-cleaning**

Toronto, Jan. 28.—Recognizing the urgent need of producing and marketing better grain at lower cost, the Ontario government, in conjunction with the Federal Government, is offering farmers of the province assistance in the installation and equipment of power seed-cleaning plants.

Hon. T. L. Kennedy, Minister of Agriculture, announced yesterday assistance would be given in the form of grants amounting to fifty per cent of the invoice cost of cleaning machines plus freight to the local station, the

grant not to exceed \$500. One-half will be contributed by the Ontario government and one-half by the Federal Government.

Grants will be made available to individuals or organizations installing seed cleaning machinery, provided it is shown there is need for such equipment in the district. The owners of plants receiving grants will be asked to sign a seven-year contract, promising to render satisfactory seed-cleaning service to farmers at reasonable rates.

**Market Gains Of Russia Discussed**

New York, Jan. 28.—Representative Hamilton Fish told the New York Economic Club yesterday evening the United States would not be able to compete with Soviet Russia in the wheat, cotton, lumber and manganese markets of the world.

It would be a long time before Russian production, organized under the so-called Five-year Plan, Fish said, would afford real competition in

manufactured goods, but, he added, Russia already was offering a menace with raw materials.

**OLD CLOWN OF CIRCUSES DIES**

New York, Jan. 28.—Jules Turnout, who made millions of young and old children laugh in his sixty years of circus clowning, died yesterday.

Old Jules quit the ring two years ago when it got too luxurious for him. He was born in a circus wagon on a blustering July afternoon in Spain, and in his eighty years had grown almost fond of the showman's hardships,

## MRS. L. A. GENGE AGAIN REGENT

Margaret Rooke Robertson  
Chapter I.O.D.E. Elects Officers By Acclamation

Mrs. L. A. Genge was re-elected by acclamation to the regency of the Margaret Rooke Robertson Chapter I.O.D.E. at the monthly meeting held in the municipal headquarters on Monday afternoon, with Mrs. Genge in the chair. Other officers elected by acclamation were: First vice-regent, Mrs. Hermann Robertson; second vice-regent, Mrs. Rotherham; secretary, Mrs. A. B. Cooke; treasurer, Mrs. J. Gordon Smith; educational secretary, Miss B. Wilson; Echoes secretary, Mrs. Wm. Lumsden; standard-bearer, Mrs. J. C. Tweed. Mrs. Genge was nominated for national councillor.

**VALENTINE CABARET**  
Mrs. Genge reported on the arrangements for the Valentine cabaret to be held on February 14 at the Empress Hotel under the auspices of the chapter. The treasurer, Mrs. Gordon Smith, announced over \$250 in the chapter's treasury fund. It was stated that at Christmas holly wreaths had been placed on the grave of Mrs. Rooke Robertson and in the chapter's sun-room at the Jubilee Hospital. Mrs. Lumsden, Echoes secretary, gave a very comprehensive report of municipal chapter meeting. The chapter voted that all appeals made through municipal be met.

A most interesting report on local Girl Guide's work was given by Mrs. Genge. The educational secretary, Miss B. Wilson, said that a letter had been received from Aras, Peace River district, saying the library donated by the chapter had been received and the children were overjoyed. Fifty calendars had been taken by the chapter and many given to schools. A donation of \$10 was voted to secondary education.

## News of Clubwomen

**Royal Bride Chapter**—The monthly meeting of the Royal Bride Chapter, I.O.D.E. will be held in the Municipal headquarters, Union Building, on Friday at 4 o'clock.

**Esquimalt W.I. Card Party**—The Esquimalt Women's Institute will hold a card party to-morrow evening at 8 o'clock in the Parish Hall, Esquimalt.

**West End W.C.T.U.**—Under the auspices of the West End W.C.T.U., a play entitled "An Old-fashioned Mother," will be given in Victoria West United Church Hall by the Young People's Society of St. Alden's on Friday at 7:45 o'clock.

**Miss Audrey Lewin** entertained the members of her bridge club on Monday night at her home on Marlborough Street. The members included Mrs. Dudley Stevens, Mrs. R. Thacker, and Misses Eileen Train, Betty O'Brien, Gwen Dorman, Doreen Drummond-Ray, Kathleen Daves, Pat Hudson and Shirley Maynard.

**Navy League Auxiliary**—The regular meeting of the Navy League Auxiliary to the Navy League of Canada will be held at the Navy League office, 1112 Langley Street, Friday, at 2:30 o'clock. Members are urged to be present to transact particular business, and attention is drawn to the changes in the address of headquarters.

**I.O.D.E. Child Welfare**—Mrs. J. Hobden Gillespie, regent of Municipal Chapter I.O.D.E. and Mrs. Geo. Miles, municipal convener of child welfare committee, will meet the primary chapter conveners at the headquarters, Union Building, on Thursday at 2:30 o'clock. All conveners are urged to attend, as a most urgent case is to be discussed.

(Continued on Page 7)

## WIFE OF FORMER VICTORIAN STARS IN THE TALKIES

Mrs. John Piercy Scores London Success as Actress, Radio Star and Singer

Many Victorians who met her during her visit to this city last year will be interested in the success which has been attained by Mrs. John Piercy, wife of Dr. John Piercy of London, England, son of Mrs. J. Piercy of Southgate Street, Victoria. Actress, radio broadcaster and singer, Mrs. Piercy, known professionally by her maiden name of Florence McHugh, has scored her latest dramatic success in talking pictures.

**BORN IN CALGARY**  
The pretty, slim little Calgary girl, who a few years ago went to London to take singing lessons, to-day is the star of a late screen success produced in Britain. Miss McHugh, well known as a stage star in London, visited here last summer.

Youngest daughter of one of southern Alberta's oldest ranching families, Miss McHugh was born in Calgary where her mother still lives. She received her early education in Calgary, taking part in numerous amateur stage productions. She was nineteen years old when she went to London, where she entered the Royal College of Music to study singing and piano. Her father, the late Felix A. McHugh, was a pioneer of Calgary, going there from Ottawa in 1883.

**STARRED IN "SHOW BOAT"**  
Miss McHugh took part in college plays and in 1926 made her first professional appearance in "The Show Boat" at the Everyman Theatre. It was through the excellence of her interpretation of her part in this play that Clemence Dane, noted British playwright, chose her to play the part of "Penny," the little peasant girl, in "Granite."

Engagements were numerous following her success under Dane and in 1928 she was offered the leading role in "The Show Boat" in London. The last two years Miss McHugh has become well known to British radio listeners, her broadcasts being featured. Last summer she married Dr. John Piercy, young doctor in a hospital, who is practicing in London and they both came to Victoria in the course of an extended honeymoon trip. Her stage and screen career will be continued.

## QUEEN OF SPAIN JOINS MOTHER

Hurried Journey to Bedside of Princess Beatrice, King's Aunt

London, Jan. 28.—Physicians attending Princess Beatrice, seventy-four, who is suffering from a broken arm and acute rheumatism, regard her condition as "not without anxiety." Queen Victoria's daughter, the Princess, who left Madrid hurriedly and is coming here to be at her bedside.

The physicians said that the left arm, which was fractured last Friday in a fall in her room at Kensington Palace, was making satisfactory progress, but that danger lay in the bronchitis.

Princess Beatrice was the youngest child of Queen Victoria, and is the widow of Prince Henry of Battenberg, the medical bulletin issued this morning said.

"Her Royal Highness, the Princess Beatrice, has had a fairly restful night. Her general condition remains unchanged."

**Madrid, Jan. 28.**—Queen Victoria took a fast train from here to Zenda, from where she will go to Paris and London to be at the bedside of her mother, Princess Beatrice, who is seriously ill with bronchitis and a fractured left arm. Her brother, the Marquis of Carisbrook, accompanied her.

## Electra Dramatic Society Concert Is Much Enjoyed

A large audience attended the second meeting and concert party of the Electra Dramatic Society in St. Alden's Hall on Monday evening. The president, P. Rendie, had made a few remarks to introduce Mrs. Harper as master of ceremonies. Mr. Gough opened the programme with a concert solo; Betty Hunter rendered a song in a very sweet manner; pupils of the Lenny Boyd School of Dancing gave several dance items, including Virginia reel, acrobatic number, and a French minuet; a recitation by Miss Winnie White was applauded; an accordion solo, "The Belle of St. Mary's," by Mrs. R. Stoffer; a whistling solo, "Beneath Thy Window," by Reg. Stoffer; Highland Fling by Madge Walker; a solo, "The End of the Road," was delightfully rendered by Mrs. White; a mandolin solo by Miss Ruby Williams; a monologue, "The Burning Ship," by Mr. Semple. The programme was concluded by a funny playlet entitled, "The Love of a Bonnet."

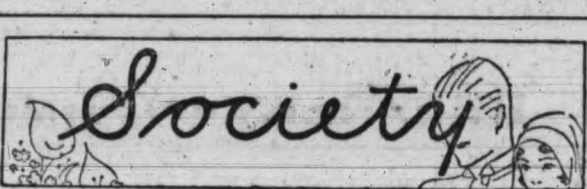

At the close of the concert it was announced that the next meeting would be held on February 23 at the home of Mrs. J. B. Hudson.

**KING'S COUSIN ARRIVES IN U.S. FOR SHORT VISIT**  
New York, Jan. 28.—A cousin of King George came to the United States on the Majestic yesterday for a visit. He is the Marquis of Milford Haven, a commander of the British navy. With the Marquess was the Marchioness, daughter of the late Grand Duke Michael of Russia.

## JUBILEE GRADUATE IS BRIDE

Mrs. Martin Roy Parlington, formerly Miss Emma Collett, R.N., whose marriage took place at St. Mary's Church, Oak Bay, on Saturday evening.

Mrs. Norman Payne has gone over to Vancouver for a few days on a visit to Mrs. Chaytor Payne.

Mrs. W. Lane Holmes of Beach Drive is spending a few days on a visit to the guest of her daughter, Mrs. A. B. Macdonald.

Mr. L. C. Ogilvie has returned to his home, "Glenora," Lansdowne Road, Uplands, after spending a few days in Vancouver.

Mrs. J. Dick, Beach Drive, has left for Saturday Island to spend a few days as the guest of her parents, Mr. and Mrs. G. F. Payne.

Miss Aline Stewart Williams will go over to Vancouver in February to conduct a week's training classes for Guides, commencing February 16.

Rev. Father Scheelen, who left Mount Newton for Belgium a year ago, is expected back shortly, having sailed from Europe on the return journey last week.

The many friends of Mrs. Joe Bailey will be pleased to hear she is recovering favorably from her recent accident but is still confined to her room at St. Joseph's Hospital.

Colonel G. S. Cantile of Montreal, who is visiting in Victoria, entertained Monday evening at a dinner followed by a dance in honor of Mrs. MacKenzie and Captain W. Hobart McLean at the Empress Hotel in the Prince Albert and Princess Charlotte dining-rooms.

Mr. and Mrs. G. H. Stevens, Newport Avenue, Oak Bay, were tendered a surprise party last evening by a number of their friends, who assembled at their home, garbed in clothes symbolic of "hard times." In such disguise, many of the guests were unrecognizable.

Mr. and Mrs. John A. Turner of Southdown Road, the Uplands, who spent the week-end at Fort Alberni, visiting their sons, Messrs. Russell and Dawson Turner, were guests of honor at a tea given by Dr. and Mrs. C. T. Hilton on Sunday afternoon.

Mr. Frederick Mannix of Calgary, a well-known railway and general contractor, was in the city a few days on a visit to his father, George C. Mannix, of 3378 Douglas Street, and other relatives and friends in the city. He has left for Los Angeles to visit his wife, who is convalescing there after a severe illness.

Mrs. R. P. Butchart returned to "Benvenue," Tod Inlet, on Sunday from Portland, Oregon, and after a few days here will return to the southern city to join Mr. Butchart, who is making rapid progress after his recent serious operation, and their daughter, Mrs. H. A. Ross. As soon as Mr. Butchart's condition permits, Mr. and Mrs. Butchart and Mrs. Ross will leave for California for an extended stay.

Miss Dorothy Morrow entertained at the tea hour on Sunday afternoon at the home of her parents, Mr. and Mrs. W. J. Morrow of "Connamara," Colwood. Miss Doris Hawkins presided at the daintily-decorated tea table. The invited guests were Misses Olive McLean, Eileen Shook, Jessie McDonald, Kathleen Hawks, Lillian and Virginia Ryan, Harriet Morrow, Marion Herit-

## PRESBYTERIAL HEARS REPORTS OF BUSY YEAR

Many Island Delegates at Annual Session Opened Here To-day at First Church

Year's Allocation of \$8,000 Exceeded By \$81.81; Progress Revealed

Despite the present financial stringency, the Victoria Presbyterial of the Women's Missionary Society of the United Church of Canada exceeded its allocation of \$8,000 last year by \$81.81, it was shown in the comprehensive report presented by Mrs. C. S. Sonley, the treasurer, at the opening business session of the fifth annual meeting, held this morning at the First United Church.

The receipts for the year included the following: Collections from Presbyterial meetings, \$68.91; donations from auxiliaries, \$40.55; returns from costume department, \$7.10; Bank interest, \$4.55; auxiliaries, \$4,762.96; Y.W.M.C.A., \$370; circles, \$158.19; bands, \$505.61; affiliated C.G.I.T. groups, \$69.03; special gift from Mrs. Hughes, Parkville, \$10. The chief item in disbursements was the cheque for \$8,081.81, sent to the branch treasurer on allocation. The report was adopted, Mrs. J. Hood, the president, expressing appreciation of the year's efforts.

**REPORTS READ**  
The meeting this morning opened with devotional exercises led by the Nanaimo Auxiliary. Mrs. Welch being in charge. After the appointment of the nominating committee, the corresponding secretary, Mrs. J. G. Fox, told of the meeting of out-going missionaries by a special committee from the executive, also of meetings at which Miss Jamieson and Mrs. J. Hood spoke. Mrs. Fox noted that the Presbyterial included twenty-two auxiliaries with 411 annual members and a total membership of 675, and life members 279. There were 403 subscribers to the missionary monthly.

Mrs. P. Laing, as literature secretary, reported that in all auxiliaries the missionary monthly is favorably referred to, and in some societies the annual reports are used as a study book.

Thirty-one annual reports and eighteen study books have been purchased during the year. Victoria West C.G.I.T. group is using "Young Japan." Mrs. George Guy, secretary of the finance committee, congratulated the members on the success of the year.

In the past year, the exceeding of the allocation in such a year of financial stringency showing that every woman had responded splendidly to the call. Mrs. Guy pleaded for increased membership, that Victoria Presbyterial might go forward in the years to come.

**Y.W.A. AND CIRCLES**  
Reporting for the Y.W.A. and Mission Circles, Mrs. McKillop expressed gratitude at the number of young people assisting in these important branches of the work of the United Church. She told of the activities of the various Young Women's Auxiliaries and Mission Circles on the Island, pointing out that in addition to meeting the allocations, the Y.W.A. and Circles had done fine supply work in the shape of layettes, bureau scarves, Christmas toys, children's dresses and other articles.

C.G.I.T. groups had also shown an active interest in mission work, according to the report presented by Mrs. W. F. Perry, the secretary.

"Besides their money contributions, many have prepared layettes for mission hospitals or sent parcels, also sent Christmas cards to our mission in Trinidad. There are fifteen affiliated C.G.I.T. groups in Victoria Presbyterial, and they have contributed \$65.25 to the W.M.S. funds."

**STRANGERS VISITED**  
Mrs. F. W. Laing, Strangers' secretary, reported 548 strangers visited. 1,032 patients visited in hospitals and at home, thirteen new Canadian converts, receiving instruction in English and 101 strangers cared for.

Mrs. J. W. Alton, the secretary of mission bands and baby bands, recorded one baby band with membership of fifteen, eighteen mission bands with total membership of 498, \$504.61 sent in membership and giving over last year. The devotional period had been emphasized and from the study of "Friendship Trails" and "World Trends," the children had been instructed in the great lesson of international friendship. Posters and illustrative books were made. We hope in the coming year to have an increase in the number of baby bands."

**PRESBYTERY GREETINGS**  
Delegates and members of the W.M.S. and others interested in mission work filled the First United Church for the opening meeting of the Presbyterial yesterday evening. Mrs. James Hood, the president, was in the chair, and Rev. W. G. Wilson, D.D., welcomed the delegates and wished them success in their deliberations and in all their undertakings.

Greetings from the Presbyteries were tendered by Rev. O. M. Sanford, president of the British Columbia conference, who briefly touched upon the woman's service performed by the women in the interests of the United Church in Canada and abroad.

## Ask Your Neighbors

"I was all run-down, tired all the time and could not do my housework. My eyes were dull, my tongue was coated and I did not want to eat. A neighbor told me about Lydia E. Pinkham's Vegetable Compound. I began taking it and now I am hungry all the time. I sleep well, my nerves are good and I have told lots of friends how the Vegetable Compound has helped me. I have also used Lydia E. Pinkham's Sanative Wash and I feel lots better. I will be glad to answer any letters."—Mrs. H. E. Winters, Bay St. Willow St., Fairbault, Minnesota.

## FINERY OF 1900 COMING BACK, SAYS EXPERTS

Fashion Calendar Rolls Back Thirty Years in Paris Salons; Frocks That Swish

Paris, Jan. 28.—Time rolled backward thirty years to-day in Parisian dressmaking salons, where spring styles are being shown.

The finery of 1900 is being shown for the first time in Paris, puffed sleeves, ruffled flounces, sweeping trains and picture hats with gowns so shallow that they seem almost flat, were paraded before style writers and buyers.

Ribbon bows and double rows of chiffon and intricate embroidery are all used to recall the fashion days of the early 1900's.

**GOWNS THAT SWISH**  
More than one evening gown is made of satin almost still enough to stand alone, while others of moire and lace sweep to trains that swish. Lavender-flowered chiffon, reminiscent of the mauve decade is shown in a flounced design trimmed with double ruffles of gray chiffon. A silver gray satin ball gown made on fitted lines with graduated tiers is worn with a three-quarter length gray satin coat pinched in at the waist and trimmed down the back with a garland of white gardenias.

**PUFFED SLEEVES**  
Afternoon dresses of complicated cut made of dark flowered patterned silks are designed with puffed short sleeves. Bertha collars and tiered skirts. Ribbon bows at the waistline and nosegays placed on collars accentuated the old-fashioned touch. Bows and flowers nestle in the heading of ruchings.

Street frocks shown to-day were more in the modern note than afternoon and evening models.

**Wife of Supreme Court Judge Died In Ottawa To-day**  
Ottawa, Jan. 28.—Mrs. Edmund Leslie Newcombe, wife of Mr. Justice Newcombe of the Supreme Court of Canada, died early to-day at the family residence here. Before her marriage Mrs. Newcombe was Anne Elizabeth Freeman, daughter of the late Nathaniel Freeman, a registrar of deeds of Queen's County, Nova Scotia.

St. Martin's Concert—A sacred concert will be given in St. Martin's in the Fields on Friday evening, beginning at 8 o'clock, by the choir of St. Andrew's Church. Jesse Longstaffe acting as accompanist. A silver collection will be taken in aid of the church funds.

## Terribly Nervous 6 Months. Secured Relief In No Time

Headaches, Backaches, Constipation Also Banished with "FRUIT-A-TIVES"

"My nerves were so bad I was on verge of a breakdown. I was tortured with awful headaches, backaches, constipation and nervousness. I couldn't sleep. This went on 6 months. I then tried 'Fruit-a-tives'. Now I feel fine. No more 'Nerves', Headaches or Constipation. I do all my own work, and sleep fine."—Mrs. O. Scott, Kingston. Millions praise "Fruit-a-tives" as quickest, surest relief for flighty nerves, dizzy spells, backaches, constipation. Why? This famous Canadian doctor's discovery combines 6 of the finest herbal tonics with a special secret extract of apples, oranges, prunes and figs—Nature's own remedies to make and keep you well. No habit-forming drugs.

Get "Fruit-a-tives" from druggist to-day. New health, vigor quick. Results guaranteed, or money refunded. (Advt.)

### TO RECEIVE CUP

Miss Alma Russell, sister of the late Professor Howard Russell, will present the cup named in honor of the former Victoria College professor, to the captain of the Oak Bay High School rugby team at the Provincial Archives on February 5 at 3.45 o'clock. In addition to members of rugby team and teachers at Victoria and Oak Bay High, Dr. E. B. Paul and Dr. S. J. Willis have been invited to the function.

Attractive Food  
Serve jams, jellies and marmalades in glass dishes. They always look more appetizing. A glass dish with a covered top is very practical as it saves re-dishing.

## CATCHY TUNES AND HUMOR IN "BOCCACCIO"

Light Opera to Be Given By  
Local Talent at Royal Feb.  
6 and 7

Pretty girls, catchy music, graceful dancing and amusing situations will all be found in the light opera "Boccaccio," to be given by the Victoria Operatic Society at the Royal Victoria Theatre on the two nights of February 6 and 7.

Madame de Turezyownicz, who is directing the production, has had a great deal of experience in the work of finding and training singers for operatic work, and has a keen insight into the qualifications necessary for each particular role.

Greendolyn Goodman, a newcomer to Victoria, has one of the leading parts, others in the cast being Thelma Johns, Georgina Watts, and many others whose names have appeared in these columns before.

One of the comedy parts which will add much to the humorous entertainment of the piece, will be taken by Arthur Kerr, who will enact the role of Lo Caslo, the major domo to the Duke of Tuscany. Together with A. T. B. Laybourn as the grocer, he introduces some extremely funny by-play. Mail orders for the opera may be sent now to the Royal Victoria Theatre together with a stamped self-addressed envelope if purchaser wishes the tickets sent.

## Mrs. Burleigh Grimes Granted a Divorce

Canton, Ohio, Jan. 28.—Florence Ruth Grimes was granted a divorce yesterday from Burleigh A. Grimes, pitcher for the St. Louis baseball club of the National League. Grimes did not contest the suit, heard by common pleas Judge Joseph L. Floy. Mrs. Grimes charged extreme cruelty and neglect.

## LONDON COURT RULING UPHOLDS LORD'S DAY ACT

Canadian Press  
London, Jan. 28.—"James the Second lost his throne when he undertook to dispense with an act of Parliament without Parliament's permission," remarked Mr. Justice Scrutton yesterday when the Court of Appeal upheld a decision of the King's Bench Court declaring Sunday moving picture shows illegal under the Lord Day's Act of 1781.

The appeal came from the London County Council, which had permitted Sunday shows in the metropolis. Portions of the Sunday receipts have been annually turned over to charities. "The doctrine that because a certain number of people do not like an act and do not obey it, and that therefore it is obnoxious is dangerous to hold in a constitutional country," the judge added.

He refrained, however, from expressing an opinion on whether or not it was desirable to maintain the 1781 act. That was a matter for Parliament, he explained.

## Keating

Three games of basketball will be played in the Agricultural Hall, Saanichton on Friday evening, January 30.

Commencing at 8 o'clock Keating girls will play against the Standard Steam Laundry.

Keating Senior "C" and Royal Oak Seniors will meet in the second encounter, while the final game will see the Keating Senior "B" and Y.M.C.A. Senior "A" in action.

Mr. and Mrs. J. H. Sutton have as their guests the latter's father, Mr. James.

Clarence Butler is a patient in the St. Joseph's Hospital.

Mr. and Mrs. Hightstead of Sonoma spent several days last week as the guests of Mrs. Hightstead's parents, Mr. and Mrs. Rhode.

A number of the members of the South Saanich Young People's Club journeyed to Victoria on Monday evening where they were entertained by the Metropolitan Young People.

## ALPINIST TO LECTURE

Mrs. Don Munday, well known for her mountain climbing exploits, will give a lecture on "Mountaineering" on Saturday, January 31, at the Scouts' Hall, Johnson Street, at 8 o'clock. Mrs. Munday, who is provincial secretary for Lone Guides in British Columbia will give her address under the auspices of the First Victoria West Ranger Company.

## NOTED PLAYERS IN ORCHESTRA

Seattle Symphony, Here Feb.  
4, Includes Fine Musicians

The solo cellist in the Seattle Symphony Orchestra appearing in Victoria on the afternoon and evening of February 4, is Berni Hupperts, who, although still a young man, has a remarkable record of achievement behind him. A pupil of the famous Julius Klengel of Leipzig, he early became a solo cellist with the famous Berlin Philharmonic Orchestra. Robert Quick, the new concert master, is also a noted chamber music player, having played with the Chicago String Quartette for several years. As a soloist he has appeared extensively through the United States.

## NEWS OF CLUBWOMEN

(Continued From Page 6)

Gave Beauty Lecture—A unique and very interesting lecture was given last evening in the Maude Lantern Beauty Shop at 739 Yates Street. The speaker, Miss Lilian Parrish of Seattle, spoke on "Personality and Beauty." The lecture was well attended and those present were well repaid as the speaker handled her subject in a brilliant and comprehensive manner. It is hoped that Miss Parrish can be induced to give another lecture in the near future.

Daughters of Pity.—The monthly meeting of the Daughters of Pity was held Monday evening at the home of Miss Smethurst, 1110 Princess Avenue, with the vice-president, Miss I. Bannerman, in the chair. Satisfactory reports were read with regard to the sale of work and silver tea held last month. Miss M. Hall sent in her resignation as treasurer owing to pressing engagements, and Miss P. May was elected to fill the vacancy. The next meeting will be held February 23 at the home of Miss A. Croft, 87 South Turner Street.

Court Maple Leaf.—The ladies of Court Maple Leaf, A.O.P., held their regular meeting yesterday evening in the A.O.P. Hall, Sister J. Leonard, C.M., in the chair. Much business was transacted. During the evening Mrs. Nunn, district treasurer, reported that the district officers had visited Ladysmith for the joint installation of the two courts, after which the ladies of Court Primrose presented Mrs. Nunn with a beautiful inland tray. A social was held at the end of the meeting, Sister Mona Jewell and her pupils taking part. Miss M. Jewell, Mrs. Jarvis, Miss Foy and Mr. Jackson won the prize for quietest singing. Miss M. Pass and Mr. Jackson, the peanut race; military tap, Dolly Carey; Welsh dance, Ena Foy and Joyce Stevens. At the conclusion, dainty refreshments were served by the new social committee.

## Brentwood

A most enjoyable party was held on Saturday evening at the home of F. Verrier, West Saanich Road. The evening was spent in dancing, the music being supplied by Mrs. R. Pike and Mr. J. L. Brooks. The guests included Mrs. G. Fary, Mr. and Mrs. R. Pike, Mr. and Mrs. Brethour, Mrs. R. Bailey, Mrs. E. Wilson, Mrs. E. Hadley, Mr. and Mrs. McLeod, Mr. and Mrs. A. F. Larson, Mrs. James, Mr. and Mrs. Woodford, Mrs. Kersey, Mr. and Mrs. J. McClelland, Mr. and Mrs. J. Ashley, Misses M. Hamilton, F. Watson, H. Barker, F. Mould, D. Cameron, L. Lidgate, M. Reed, P. Clanton, L. Spouse, E. McClelland, A. Foster, Messrs. C. Chmstead, S. Mulder, S. G. Fary, Mr. and Mrs. R. Pike, Mr. and Mrs. Brethour, Mrs. R. Bailey, Mrs. E. Wilson, Mrs. E. Hadley, Mr. and Mrs. McLeod, Mr. and Mrs. A. F. Larson, Mrs. James, Mr. and Mrs. Woodford, Mrs. Kersey, Mr. and Mrs. J. McClelland, Mr. and Mrs. J. Ashley, Misses M. Hamilton, F. Watson, H. Barker, F. Mould, D. Cameron, L. Lidgate, M. Reed, P. Clanton, L. Spouse, E. McClelland, A. Foster, Messrs. C. Chmstead, S. Mulder, S. G. Fary, Mr. and Mrs. R. Pike, Mr. and Mrs. Brethour, Mrs. R. Bailey, Mrs. E. Wilson, Mrs. E. Hadley, Mr. and Mrs. McLeod, Mr. and Mrs. A. F. Larson, Mrs. James, Mr. and Mrs. Woodford, Mrs. Kersey, Mr. and Mrs. J. McClelland, Mr. and Mrs. J. Ashley, Misses M. Hamilton, F. Watson, H. Barker, F. Mould, D. Cameron, L. Lidgate, M. Reed, P. Clanton, L. Spouse, E. McClelland, A. Foster, Messrs. C. Chmstead, S. Mulder, S. G. Fary, Mr. and Mrs. R. # Tire Changing Will Play Vital Part In Auto Speed Record Attempt

## THE SPORTS MIRROR

Preranged Splits Keep Earnings of Pro Golfers Down

Bobby Cruikshanks Paid Johnny Golden \$6,000 in Prize Money

Freckle-faced Diana Fishwick To Display Her Prowess In U.S.

German Boxing Commission Puts Schmeling in Difficult Position

JOHNNY GOLDEN stepped out and won his first major purse in several years the other day at Agua Caliente, when he tied with George Von Elm, and got a cheque for \$10,000 for first prize after beating Von Elm in the playoff. But to this was added Von Elm's \$5,000 for second, after which the \$15,000 was split among the two, \$6,750 apiece. Pro golfers seldom are able to retire even after winning three or four big tournaments, and the reason is the preranged split. This brings to mind an interesting agreement made several years ago between Golden and Bobby Cruikshank.

This pair agreed to go fifty-fifty on any prizes they might win in southern tournaments. That year Cruikshank was red hot, while Golden was never able to get up among the leaders. After a month of winter golf, Cruikshank had grabbed off \$12,000 in prize money, which he split with Golden who hadn't won a dime. Finally Golden suggested they break the agreement, since he appeared to be off his game for an indefinite period. Cruikshank agreed handing Johnny his \$6,000 share of the prize money.

That was just before the playing of the southern open at Atlanta, a tournament which carried \$5,000 in prize money for the winner. It was played at East Lake, the home course of Bobby Jones, if any course can be designated as the home course of that boy, and, of course, Jones won. Being an amateur, however, Jones could not take the prize money, which was awarded to the golfer who made second, providing he was a pro. And that golfer was Johnny Golden.

As Golden unerringly sank a long putt that earned for him the \$5,000 prize, Cruikshank made a wry face as he rushed up to congratulate Johnny. "I guess you broke that agreement just in time," said Cruikshank, with a mock expression of woe. Golden, however, declared he had been only fooling and forced Cruikshank to accept \$2,500 as his share of the winnings. Which shows Golden has a pretty good sense of justice.

The little English lass who thwarted Glenn Collett, United States champion, in her first attempt to capture the British women's golf championship last May, is going to the United States to display the skill that won the English crown in her first time out. She is Diana Fishwick, a smallish, freckle-faced, nineteen-year-old girl who won the British women's championship by right of a series of brilliant victories at various tournaments. She included practically every top flight woman golfer in the world.

In a sense, Miss Fishwick is returning the compliments the United States feminine golfing troupe paid Great Britain last spring. She has recruited five British ladies to make a six week's tour of New York and Florida countries with her.

Until Miss Fishwick annexed the championship of her homeland she was practically as much of an unknown quantity as a golfer as on this continent. Her rather unimpressive record included two girls' championships. To her credit, however, it must be stated she had never tried her hand in major competition. The British champion's game is individual. She stands straight and swings her club in an upright manner. Her ball has tremendous run-on drives. She is perfection in her short shots. Her putting is characterized by smooth, accurate swinging and remarkable control, with never a jerking movement.

Maxie Schmeling found among his telegrams from many boxing commissions one from Germany which advised him not to "prejudge the prestige of German boxing." That request is a tough one. If Max should suddenly refuse to fight in defence of his crown, that would of course prejudice the prestige of German boxing. If he steps into the ring with Stribling and blocks a good wallop with his chin, he will again prejudice the prestige of German boxing.

Leon See says that if Primo Carnera wins the heavyweight championship he will fight once a month. We're from Missouri.

The New York Yankers hereafter will be signed to one-year contracts, says Colonel Jake Ruppert. Now we'll get the old thrill of seeing pictures of the Babe putting his moniker on the dotted line every spring.

Mr. Gofer just asked us if we had heard the one about the Scotchman who went to play golf and asked his caddy before the game started if he knew how to find lost balls. The caddy told the client that he did, whereupon the Scotchman told him to go and find a couple so he could tee up.

Tip to New York Boxing Commission: How about having Jack Sharkey shadow box fifteen snappy rounds for the world heavyweight championship?

Oakland, Jan. 28.—The Oakland Shells maintained their California Hockey League lead, here, yesterday evening by defeating Los Angeles Millionaires 4 to 2. Two of the Shells goals were made in the second period while only four Los Angeles players remained on the ice due to penalties.

## Capt. Campbell Has To Make Two Runs In Thirty Minutes

British Racing Driver Who Will Seek to Break Late Sir Henry Segrave's 231 Miles an Hour Mark Next Week Will Put Six Mechanics Through Series of Tire Drills; Campbell Will Change Tires After First Run and Will be Sorely Pressed to Make Second Run Within Required Limit; Tires Tested to Stand 300 Miles an Hour Speed.

Canadian Press

Daytona Beach, Fla., Jan. 28.—Tire drills by mechanics promise to play a vital part in the attempt Captain Malcolm Campbell hopes to make here next week on the world automobile speed record.

Under existing regulations, the veteran British race car driver must make one run with the wind and another against it at an average two way speed greater than 231 miles an hour to shatter the present mark. Both runs must be completed in a given thirty minute period.

## COLLEGE AND BAYS TO MEET ON SATURDAY

Rivals in Intermediate Rugby League to Resume Hostilities at High Ground

Result Should Indicate Who Will Win Loop; Scots to Meet Wanderers

Meeting for the first time in the second half, Victoria College and the J.B.A.A. Intermediates will furnish the feature attraction on the city rugby card on Saturday afternoon. With the senior loop taking a rest, owing to the McKechnie Cup game in Vancouver, the students' encounter should draw a large crowd to Victoria High School ground where some idea will be gained as to who will be the champions of the second half.

College took one flat on the chin the last time they met the Bays, being knocked down for the count 20 to 3 in the biggest upset of the intermediate division. The defeat was the first suffered by the Craigdarroch boys in two years.

At the conclusion of the fixture, Bob McInnes, veteran coach of the senior team, predicted the downfall of the students as far as matches with the J.B.A.A. were concerned. The match, however, seems to have caused the Collegians to renew their intermediate campaign with greater vigor. Jack Dunn and Jim Osman, two of the youthful intermediate stars who tried twice in senior company and appeared to be good enough for that division, are expected to be back in the intermediate fold to strengthen the team. However, they will have their work cut out in the first encounter of the second round, College heaped up a 44 to 0 victory over the Canadian Scottish, while last week they repeated their win with a modified count.

In the other games of the day, Oak Bay Wanderers and the Canadian Scottish, the two losing teams in the first brace of games this half, will be fighting to get out of the cellar position at Oak Bay Park.

## Wrestling Bouts Billed To-morrow At Local Y.M.C.A.

In an exhibition to raise funds for the members of the association who are going to Europe on February 14 to compete in the Pacific Northwest Y.M.C.A. wrestling championships, grapplers of the Victoria "Y" will be seen in action at the association's gymnasium to-morrow evening. The first bout will start at 7:30 o'clock.

The boys have shown considerable prowess in the mat game and should offer plenty of action in the various bouts billed on the card.

Fred Loeffler, lightweight champion of British Columbia, and one of the most outstanding contenders in his division for honors at Everett, will be seen in action during the evening. The master of ceremonies will be Ernie Impett; timekeeper, Archie McKinnon, and the referee G. R. Lovatt.

The bouts will be as follows: 100 pounds—B. Smith and R. Loeffler.

126 pounds—Fred Loeffler, Bill Fagor, Collett Charnier and L. McGeorge.

The winners of this class wrestle the best two out of three falls to decide the winner.

118 pounds—L. Moore and C. Randall.

140 pounds—H. Eckmeier and Bob White.

150 pounds—R. McMillan and V. Stevens.

135 pounds—G. Lee and P. Tyson.

126 pounds—Finales.

130 pounds—E. Stringer, Ross and Kelly.

Added to this there is also a good strong man set, by "Strong Man" Tyson, who will show his powers with rope while G. Lee will also give a rope climbing exhibition.

## DR. SARPOLIS AND PINTO TO GRAPPLE HERE

Famous Cleveland Heavyweight Will Clash With New-comer Saturday Night

Cowboy Ray Will Also Make Debut in Semi-windup Against Brooks

Local wrestling fans will see two new matmen at the Tillikum gymnasium on Saturday evening. Stanley Pinto, Iowa heavyweight, will make his debut here when he tackles Dr. Sarpolis, Cleveland physician, in the eight-round main event while Cowboy Ray will be seen here for the first time, when he climbs over the ropes to oppose "Rocky" Brooks in the five-round semi-windup.

Pinto is another of the present day school of clever heavyweights, who has been appearing in the many different cities on the coast. Previous to coming here, Pinto spent a few years in the eastern states, pinning the boys in no small numbers. His appearance here against the clever Sarpolis should assure the fans of an interesting match.

Brooks will tackle some of the local company he has met in a fast ring when he tries conclusions with Cowboy Ray in the semi-windup match.

One hears of a great many stories about golf being good practice for baseball players in improving their batting eye. This is a matter of conjecture, and has been banned in a good many training camps. But in hockey, it's a bit different. Most managers encourage the boys to play golf in the training season, as it improves the wind and loosens up the muscles. Many star pro hockey players and amateurs as well, have become star golfers. Chief among these might be mentioned Jack Cameron who used to be star with the old Granite Club which won the Olympic championship in 1924. Jack is ranked No. 1 in the province of Quebec. Gordie Brydson, now of Chicago, and formerly leading golf scorer in the International League, last year won the assistant pro golfers championship of Ontario. He has shown remarkable form. The N.H.L. annual golf tournament in Montreal last year drew out players and managers from every team in the league, and some mighty fine scores resulted.

DUTCH HENRY SIGNED

Minneapolis, Minn., Jan. 28.—Another pitcher was added to the staff of the Minneapolis baseball club with the acquisition yesterday of Dutch Henry, Chicago White Sox southpaw. He was released outright by the Sox.

IS GOLF GOOD TRAINING FOR HOCKEY PLAYERS?

Chief among these might be mentioned Jack Cameron who used to be star with the old Granite Club which won the Olympic championship in 1924. Jack is ranked No. 1 in the province of Quebec. Gordie Brydson, now of Chicago, and formerly leading golf scorer in the International League, last year won the assistant pro golfers championship of Ontario. He has shown remarkable form. The N.H.L. annual golf tournament in Montreal last year drew out players and managers from every team in the league, and some mighty fine scores resulted.

DUTCH HENRY SIGNED

Minneapolis, Minn., Jan. 28.—Another pitcher was added to the staff of the Minneapolis baseball club with the acquisition yesterday of Dutch Henry, Chicago White Sox southpaw. He was released outright by the Sox.

IS GOLF GOOD TRAINING FOR HOCKEY PLAYERS?

One hears of a great many stories about golf being good practice for baseball players in improving their batting eye. This is a matter of conjecture, and has been banned in a good many training camps. But in hockey, it's a bit different. Most managers encourage the boys to play golf in the training season, as it improves the wind and loosens up the muscles. Many star pro hockey players and amateurs as well, have become star golfers. Chief among these might be mentioned Jack Cameron who used to be star with the old Granite Club which won the Olympic championship in 1924. Jack is ranked No. 1 in the province of Quebec. Gordie Brydson, now of Chicago, and formerly leading golf scorer in the International League, last year won the assistant pro golfers championship of Ontario. He has shown remarkable form. The N.H.L. annual golf tournament in Montreal last year drew out players and managers from every team in the league, and some mighty fine scores resulted.

## Miracles of Sport

By Robert Edgren Philadelphia Turn

On Boston To Hold Leaders To a Draw

Lowly Quakers Astound Hockey World by Surprising Performance Against Leading Club in American Section of N.H.L.; Battle to 3-3 Draw; New York Americans Triumph Over Crippled Toronto Leafs 3 to 2; Montreal Maroons Defeat Detroit 2 to 1; Latter May Protest on Disputed Goal; Maroons and Leafs Again in Deadlock.

Toronto, Jan. 28.—Tired of being a stepping stone for other teams in the National League, the Philadelphia Quakers astounded the hockey world yesterday evening by their fine display against Boston Bruins, American group leaders. True the game ended in a three-all stalemate, but to hold the Bruins to a tie in Boston was a feat clearly entitling the Quakers to their claim of a moral victory.

It was the first time this season that the American group leader, occupied by a succession of snatching a point from a team in their own division, although they have taken five from Canadian division clubs.

The two other matches of the evening resulted pretty much as expected. The crippled Maple Leafs finally bowed to the Americans at New York, 3 to 2, while Montreal Maroons maintained their unbeaten record against Detroit Falcons by beating them 2 to 1.

While the fame had no material effect on the group standing the Maroon victory coupled with Toronto's downfall has again created a deadlock for the second berth in the Canadian division between the Maple Leafs and Munroe men. The teams have thirty-one points apiece, four behind the pace-setting Montreal Canadiens.

The Maroon victory is not yet completely assured as a disputed goal from the stick of Nels Stewart may require a judgment from President Frank Calder as to its eligibility. The tally was the first of the game and scored by the Maroon centre after, it is said, he had been fouled by the Leafs.

The Americans' triumph came at a most opportune time as defeat would have made it difficult for them to remain in real contention for a playoff position. As a result they are now two games behind the Leafs and Bruins, but have two games in hand over the Montrealers.

The Quakers got off to a slow start, but their speed increased as the game became accustomed to the soft ice, they skated circles about the bewildered Bruins, whose sound defensive tactics made but little impression against the Quaker attack.

First period—1, Boston, Owen, 4:35; 2, Philadelphia, Kilrea, 3:00; 3, Philadelphia, Barton (Lowery), 11:20.

Second period—4, Boston, Wetland, 7:20.

Third period—5, Philadelphia, Howe, 13:01; 6, Boston, Beattie (Barry-Owen), 13:09.

Overtime period—No score.

New York, Jan. 28.—Following their custom of playing their best against dangerous rivals, New York Americans checked the victorious career of the Toronto Maple Leafs by winning a hard-fought hockey game by a 3-to-2 score yesterday evening. Although the game lacked the fireworks that accompanied their last encounter at Toronto, it was fast and sufficiently strenuous to keep the fans interested.

The Leafs were considerably handicapped when Ace Bailey, star wing man, was forced out in the first period, when a couple of hard falls aggravated an old knee injury.

Toronto did not score until late in the second period, when the Leafs scored a tricky long shot, after getting the puck from Charlie Conacher.

First period—1, Americans, Massecar (Dutton), 9:15.

Second period—2, Americans, Burch (McVeigh), 12:39; 3, Toronto, Primeau (Jackson), 3:11.

Third period—4, Americans, Himes (Sheppard), 4:32; 5, Toronto, Blair (Conacher), 10:11.

Detroit, Jan. 28.—Montreal's husky Maroons defeated the Detroit Falcons in a National Hockey League encounter here yesterday evening by the margin of a disputed goal. The final score was 2 to 1.

The goal, which Manager Jack Adams of the Falcons is considering protesting, was the first of the game, and came off the stick of Nels Stewart, Maroon wing man. Stewart skated his way around the Falcon defence, and just as the siren sounded the end of the first period, backhanded a shot past "Dolly" Dolson, Falcon goalie. The timekeeper declared the goal was legal, as he sounded the siren before the goal was scored, while both Vic Wagner and Bobby Hewison, officials, said they did not hear the signal until after the play had been completed.

First period, Maroons, Stewart (disputed), 1:00.

Second period—2, Detroit, Cooper (Goodfellow), 4:58.

Third period—3, Maroons, Smith, 18:50.

likely that Belanger will engage in a bout here in the near future, probably figuring in the main bout on Vic Foley's next card. Foley, formerly one of the Dominion's leading featherweights, has retired from the ring and has taken up the promotion end.

Charley Belanger Now at Vancouver

Vancouver, Jan. 28.—Charley Belanger of Winnipeg, light-heavyweight boxing champion of Canada, arrived here yesterday and announced he will go into training immediately. It is

## BUDS RETAIN UNDEFEATED HOCKEY RULE

Still Lead Local Roller League With 10 to 5 Victory Over Cougars

Victoria City Too Strong For Jones' Brothers in Senior Division

Rosebuds, undefeated leaders of the intermediate roller hockey league, retained their place yesterday evening, when they sent the Cougars down to their first loss of the year by a 10 to 5 score. In the senior game Jones Brothers dropped their encounter against Victoria City 11 to 7.

After being held to a one goal lead at the end of second frame, Rosebuds uncoiled a dazzling burst of speed in the last period to run in four more goals. The victory was one of the best the Buds have scored during the year and further emphasized their chances of securing the loop championship.

FOUR GOAL MARGIN

Jones Brothers tried to cut into the Victoria City stud's four-goal lead in the final period, but were unable to make much headway against the smart defensive plays of the winners. Woods starred for the city with six counters, while five of Jones Brothers representatives shared in the scoring plays.

Line-ups follow:

Jones Bros.—Stevens, Hemming, Pearce, Jackson 2, Charters, McIlroy 2, Burnett 1, Shouldice 1, Cameron 1, West.

Victoria City—Westendale, Simpson 1, Barnswell 1, Woods 6, McPhee, Drysdale 2, Boden, De Blacques.

Rosebuds—Baker, Jones, Baby, Musgrave 4, Scott 1, A. Murray 3, Sage J. Murray 2.

Cougars—Stewartson, Scouler 1, Okell 1, Haynes 2, Holmes, Doherty, Wallace, Barneswell and Brown 1.

Edmonton, Alta., Jan. 28.—The Impregnable went into a tie for second place in the City Senior Hockey League race yesterday evening when they easily defeated the tail-end 49th Battalion team by a 5 to 2 count.

Superiors lead the procession with a single game separating them from the Oilers and Varsity.

Brandon, Man., Jan. 28.—Souris marched into first place in the west-coast Junior Hockey League standing yesterday evening by scoring a 4 to 0 win over Brandon Wheat Kings. The victory, first scored against Brandon here this winter, gave Souris a one-point lead over the Wheat Kings.

Fort William, Ont., Jan. 28.—In a Thunder Bay Senior Hockey League fixture here yesterday evening, Fort William won a fast contest from their rivals, Port Arthur, by a 4 to 2 count. It was the best game here this season.

# Schmeling Blames Sharkey For Tangle Among Heavies

## German Appears In Splendid Shape For Bout With Stribling

Arrives in New York Anxious to Start Training for Championship Bout With Georgian Next June; Declares He Will Meet Sharkey Some Day and Will Whip Him; Could Not Ignore Stribling's Record; Max Declares He Would Never Have Got Return Bout With Sharkey If He Had Done the Fouling; Will Abide by Decisions of Manager Joe Jacobs.

New York, Jan. 28.—His broad face beaming, black eyes shining with pleasure, Max Schmeling moved into New York to-day, genuinely happy to be back in the land that voted him heavyweight champion of the world. The youthful German with the features of a young Jack Dempsey, sailed into Brooklyn late yesterday evening on the liner Europa, accompanied by his trainer, Max Machon, a dozen pieces of baggage and a cute little Dackhund named Cecile, third in the line of Teuton dogdom aristocracy that is rapidly becoming the favorite pet of the New York box fight writers fraternity.

## EASTER HERO WINS RACE BY EIGHT LENGTHS

J. H. Whitney's Grand National Candidate Walks Home in Mole Handicap Returns Short Odds of Four For Five; Warmist Wins Maiden Hurdle Race

Sandown, Eng., Jan. 28.—J. H. Whitney's Grand National candidate, Easter Hero, had another outing to-day in preparation for the major race and galloped to an eight-length victory in the Mole Handicap Steeplechase over a course of two and a half miles and seventy-five yards.

Mrs. Hollin's Blaris was second and Martin Smith's Guiding Light third in the four horse race.

Easter Hero again was a short priced favorite, paying four for five. Blaris was 11 to 8 and Guiding Light 20 to 1. The race was worth \$1,000 to the winner.

WARMIST IS WINNER Victor Emanuel's Warmist marked up the second victory of the day for an American-owned horse when he galloped to an easy victory over M. Stephen's Teeshead in the two-mile Metropolitan Maiden Hurdle Race.

Warmist had a lead of six lengths over Teeshead, which was three lengths ahead of Captain Lionel Montagu's Nick of Time.

Warmist was the 8 to 1 choice, while Teeshead paid 33 to 1.

The race was worth 200 sterling (\$1,000).

Manitoba Grads Win Hockey Game With Swiss Team

Davos, Switzerland, Jan. 28.—The University of Manitoba Grads from Winnipeg yesterday afternoon defeated the Davos Hockey Club by 4 to 1.

## Set Brilliant Record To Capture Senior Men's Hoop Championship

Scoring seven straight victories, a feat never before accomplished in the history of local basketball, Pedens won the Senior "A" men's basketball championship of Victoria and the right to represent Victoria in the British Columbia play-offs. They have scored an average of thirty-three points in every game and have had an average of twenty-three scored against them. The local champions have defeated every senior team on the island with the exception of Nanaimo whom they have not played to date. As this is only the club's second year in the senior league their performance is outstanding. Doug Robertson, who joined the team half-way through the season, was not present when the above picture was taken.

## U.B.C. Students Stage Giant Drive For Stadium Fund

Energetic Committees Canvassing Students, Citizens and Future Varsity Students in Effort to Secure \$20,000 for Fund; Project Backed by Governors and Faculty of Varsity and Prominent Vancouver Business Men; Students Stage Many Novel Events to Obtain Funds.

A fifteen-day drive to raise \$20,000 for Stadium development has been launched by the students of the University of British Columbia. Committees have been drawn up and the actual campaign got under way on Thursday last. The proposal for a Stadium has received the backing of the governors and faculty of U.B.C. and prominent business men of Vancouver. It is planned to canvas all the students at Varsity for contributions, while funds will be sought from citizens and out-of-town organizations. It is also planned to organize a drive to raise money for the Stadium Fund in the Provincial High Schools. The campaign will continue until February 5.

The various classes, societies and clubs at Varsity are getting together enthusiastically and planning numerous entertainments and novel stunts such as the selling of hot-dogs and malted milk, miniature golf tournaments and fortune telling. Some of the students plan to cut out buying refreshments and donate the extra money to the fund.

The main source of funds will be from class contributions which will be handled by a committee of thirty under the leadership of Alan Campbell. Another committee will set about the object of personally interviewing as many members of the alumni as possible.

MUCH ADVERTISING The other main committee, headed by Stewart Terhune, will look after publicity of all kinds and the outside contributions. Frank Buckland will marshal forces for publicity on the campus signs and blackboards. Jack Macdonald has volunteered to superintend a giant thermometer in the quad, indicating each day's increase toward the total objective.

Publicity in the city of Vancouver, including parades, news reel and aerial advertising and windmill stickers. That's why 2 is John-on-the-spot when 5 whips the ball to him under the basket. Monday—another look at the Pitt offence.

## HUSTLERS IN SURPRISE WIN OVER KNIGHTS

Score 21 to 15 Victory Over First Half Intermediate "A" Hoop Winners

Keating About Cinch Second Half Senior "B" Honors; C.P.S. Win Exhibition

Playing the best basketball they have exhibited this year, the fast stepping Hustlers defeated the Knights of Pythias 21 to 15 in the intermediate "A" cage fixture at the High School gymnasium yesterday evening. In the senior "B" men's game, Keating practically clinched the second half honors by defeating the Sons of Canada, 39 to 34 after a hectic struggle. In the exhibition game, the local C.P.S. squad played fine ball to turn back the touring McCormick Lumber five from Castle Rock, Wash., 34 to 19.

In the intermediate "A" game, the Hustlers got off to a fine start when they took a four-point lead on two pretty baskets by Robertson. From this time on the winners were never severely threatened, and the Knights could not seem to click. With four minutes left to play, the Hustlers were holding a 21 to 9 lead when the Knights flashed their only real effort of the evening to garner three field baskets.

George Robertson, who played a great game, was the leading scorer with twelve points.

The teams and individual scores follow:

K. of P.—Forbes, Bissell, Shepherd, Caddell, Brown, Cudlip, 2 McKenzie and Brown.

Hustlers—Robertson, Johnston, 1 Robertson, 12, Martin, 5, Macmurchie, 3, Fraser and Menzies.

After having gained a large lead in the opening period, the Sons of Canada gave way to a late second half rally which turned the tide of victory in favor of the Keating squad.

Ralph Mitchell with seventeen points was the leading scorer.

The teams and individual scores follow:

Keating—Mitchell 17, Turgoose 10, Emmert, Marchant, Bates, Styan, 1, Lawson and Atkinson 10.

Sons of Canada—Nicoll 4, Blair 12, Reynolds 8, Sutton 9, Jack Taylor, John Taylor 4.

Passing and shooting with deadly precision, the C.P.S. won easily from the Castle Rock five. The local lumbermen flashed their best ball of the year, with every man taking an active part in the scoring.

The visitors did not show the form that they were expected to, but flashed some snappy ball, with poor shooting being their main fault.

Davis with eight points was the leading scorer.

Alan Lemarquand refereed all games.

The teams and individual scores follow:

C.P.S.—Davis 8, Forbes 2, Viggers 2, Skilling 7, Butler 4, McKenzie 4 and Fagerberg 7.

Castle Rock—Carmine 7, Hobson 5, Perry 4, Hall, 3, Dagg and Harris.

TWO GAMES ARE TO BE PLAYED AT THE CENTENNIAL GYMNASIUM TO-NIGHT. The following:

1. 30 Senior "C" women: Standard vs. Keating.

2. 30 Senior "C" men: Hanbury's vs. Fountain Service.

Kid Berg Recovers From Illness And Will Meet Perlick

New York, Jan. 28.—Jack (Kid) Berg has recovered his good health and will be able to go through with his ten-round bout with Herman Perlick, Kalamazoo, Mich., lightweight, in Madison Square Garden Friday night.

Berg had been suffering for several days from a rheumatic condition in his back and left shoulder and it was feared for a time a substitute would have to be found. Heat-ray lamps have cleared up the British windmill's condition, his manager says.

Brampton Is Picked For Lacrosse Series With United States

Toronto, Ont., Jan. 28.—Brampton Excelsiors, holders of the Mann Cup, emblematic of the lacrosse championship of Canada, will represent the Dominion in the International lacrosse series with the United States. The series likely will be played in May at Baltimore. Officially, no decision regarding the selection of Excelsiors has yet been made, but prominent officials of the Ontario Amateur Lacrosse Association stated yesterday evening that Brampton would be chosen. The Excelsiors will be assisted by three supporting players chosen from strong Canadian teams.

## Victoria Daily Times

MEMBER ADVERTISING BUREAU CIRCULATION

TELEPHONE  
CLASSIFIED ADVERTISING BUREAU  
Circulation.....E1282  
Advertising.....E1178  
E1179CLASSIFIED ADVERTISING RATES  
15¢ per word per insertion.  
Minimum charge, 25¢.  
12¢ per line per month.  
Minimum charge, \$2.50.

In computing the number of words in an advertisement, estimate groups of three, or less figures as one word. Dollar marks and all abbreviations count as one word.

In estimating the number of lines in an advertisement, count the words for the first two lines and seven words for each line thereafter. This is not an absolute rule on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one issue. Any claim for rebate on account of error or omission must be made within thirty days from the date of the error. Otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at The Times Office and a charge of 10¢ is made for this service.

Subscribers wishing their addresses changed should notify this office, as well as the carrier, by 10 o'clock a.m. on the day before the change is to take effect. A copy will be sent by special messenger.

## INDEX TO CLASSIFIED ADS

The eight major groups of Classification appear in the following order:  
Announcement classifications...1 to 18  
Employment classifications...19 to 21  
For Sale—Wanted classifications...22 to 24  
Automotive classifications...25 to 28  
Real Estate classifications...29 to 34  
Business Opportunities classifications...35 to 38  
Financial classifications...39 to 41

## BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at The Times Office on presentation of box tickets. Maximum replies are obtained by advertisers who follow up replies promptly.

## Animals in Winter

What are bears doing these winter days? Most of them are asleep.

In soot, where they are warm and well supplied with food, bears usually do not go into a long winter sleep and the same is true of bears which dwell in woodlands.

The great majority of the animals, however, spend the period from December to April in a hiding place where they may keep fairly warm and sleep to their heart's content.

During the open season of the year—from spring until the closing month of autumn—bears which live on mountains and in cold northern sections eat much more than they need. Their extra food turns into fat chiefly in the form of a fat layer beneath the skin, and thus makes them ready for months when they will have little or no food.

The bear's den is well known in story. Sometimes it is a hole dug in the side of a steep hill or beneath the roots of a tree. In the "bad lands" of the Rocky Mountain region, bears often use "washout" holes. Black bears have been known to curl up in the hollow trunks of trees for the winter sleep.

Caves are likewise used as dens. It would be a mistake to suppose that any bear spends every minute of the winter months in sleep. There are mild days during which bears awaken and roam outdoors in search of some-

thing to eat, but they seldom obtain much, and when spring comes they are "as hungry as a bear."

Polar bears are large, sometimes being more than seven feet long, but

the Kodiak bear, a big brown fellow living on Kodiak Island (near Alaska) is the largest member of the bear family. Kodiak bears sometimes measure nine and a half feet in length.

Baby bears are amazingly small, and in size may remind us of kittens. Seven years pass before a bear becomes full-grown.

Cubs spend the second winter with their mothers in the winter retreats.

## DAILY HEALTH SERVICE

Clean Air Is Important In  
Treating Bronchitis

By DR. MORRIS FISHBEN

The air that is inhaled through the nose and through the mouth, preferably the former, passes by means of the trachea or windpipe to some larger tubes known as bronchi, which then divide up into still smaller branches from which the air passes into the cells of the lungs. The smaller branches are called bronchioles.

The suffix "itis" at the end of any word means an inflammation. Therefore, bronchitis is inflammation of the larger tubes, bronchiolitis is inflammation of the smaller ones.

When the air enters the nose it is warmed and otherwise modified. Thus solid particles which it contains, including carbon, dust, bacteria or other materials, adhere to the moist surfaces of the cavities through which the air passes.

The walls of the bronchial tubes are constantly covered with mucus and the whole respiratory tract has a little hair or cilia which wave in such a manner as to force foreign substances outward. When these substances reach the sensitive portions of the breathing tract, the coughing mechanism helps to throw the foreign substance outward. There are cases, of course, in which the bacteria are not thrown out or in which their virulence is so great that they promptly infect the tissues.

Damage to the surface of the tubes may result by constantly inhaling dirty air, dust or gases. Inflammation of the surface may result from poisonous substances. Very large substances actually tear the surface in the attempt of the tissues to get rid of them. When these things happen, the result is an acute form of bronchitis or inflammation which may through persistence become chronic.

A person with chronic bronchitis coughs constantly, particularly dur-

ing the night when he is lying down the mucus tends to accumulate. This mucus may be stained by carbon if the person lives in a smoky atmosphere, or if there is a considerable amount of dust, the mucus may be yellow or green.

A person with chronic bronchitis is usually tired and depressed. He may get out of breath because of the interference with his breathing and in association with the absorption of the bacterial poisons there may be fever and a general reaction of the body.

Because of the difficulty in coughing, changes take place in the lungs whereby they become constantly partially distended with air. This brings about further difficulty of breathing and more wear on the heart.

There are various drugs which are eliminated by means of the respiratory mucus membranes when taken internally. These drugs have the value of combating the germs which may be on the surface of the mucus membranes.

There are other drugs which aid a free flow of mucus, thus serving to wash the surfaces of the mucus membranes free from the irritating materials. It is exceedingly important that the patient get plenty of rest and the attending physician can prescribe drugs which will be of great service in aiding sleep.

Protection Against  
Britain

(From Foreign Affairs)

In so far as the policy of the Dominions is concerned the element of protection to Dominion industries comes before, a long way before, preference; and the protection is protection against British products. "Canada first," as Mr. Bennett puts it. The Dominions intend to develop their industries as against British competition. Should the result of preference to British goods be to have the effect in the Dominions of causing the increased imports from Britain to compete with Dominion manufactures, then the Dominions would increase the tariff against British goods—as has recently been done in the case of Australia to the point in many cases of virtual prohibition.

As the Balfour committee pointed out several years ago—before, that is, the recent increases in the Australian and Canadian tariffs—the Dominion tariffs have been raised against our exports more seriously and obstructively in the past-war period than the tariffs of foreign countries; and the design behind the former movement is clearly to enable nascent secondary industries to compete successfully with the home market against manufactures imported from Britain and other industrially mature countries. As the Balfour committee puts it, "the tariffs imposed and the extent to which the preference is allowed are deliberately calculated to promote in every way possible production within Canada, Australia and South Africa; and as this policy is realized our ability to purchase from them our supplies of food and raw material must decrease. The Australians, like the Canadians, ask for a free entry for their agricultural products into the markets of Great Britain; they refuse to give a free entry in their markets to British manufactures."

The provision that Dominion foodstuffs are to come into Britain free in ever-increasing competition with British agriculture means that while the protective measures which the Dominions can apply are unlimited, Britain's pre-war position of supplying protection to the competition of Empire foodstuffs. It means, however, little it may be realized, that preference is in a measure in conflict with protection; or that it is very much more protective to the Dominions than to Britain, and is the crystallization of protection against British goods in the Dominions.

Revelstoke, Jan. 28—Continued mild weather has resulted in the cancelling of the annual bonspiel of the B.C. Interior Curling Association which was to have been held here this week. The bonspiel was originally scheduled for last week, but set back in the hope that cold weather would set in. This has not materialized.

The winter has been exceptionally mild, with nine degrees of frost the coldest at any time.

While the mild weather has forced the abandoning of the bonspiel, this condition will not affect the big ski

The winter has been exceptionally mild, with nine degrees of frost the coldest at any time.

While the mild weather has forced the abandoning of the bonspiel, this condition will not affect the big ski

Revelstoke, Jan. 28—Continued mild weather has resulted in the cancelling of the annual bonspiel of the B.C. Interior Curling Association which was to have been held here this week. The bonspiel was originally scheduled for last week, but set back in the hope that cold weather would set in. This has not materialized.

How To Lose Fat and Get  
That Youthful Feeling

Over in Great Britain when a man is feeling "as fit as a fiddle" and looking the "picture of health" they say: "HE'S GOT THAT KRUSCHEN FEELING."

That means he takes his little dose of Kruschen Salts every morning.

It's the same in the U.S.A.—in Germany—in Holland—in Australia—in South Africa, for Kruschen Salts are new sold the world over.

Kruschen Salts is not one salt only—it is the combination of six salts necessary to healthy life.

Take half a teaspoon in a glass of hot water before breakfast every morning, modify your diet and exercise regularly.

But don't miss a morning, for Kruschen not only puts and keeps the stomach, liver, kidneys and bowels in a splendid healthy condition, but purifies your blood-stream, and sends new life and activity to every part of your body.

To reduce the number of school trustees in Vancouver.

Vancouver, Jan. 28—Protest against opening of beer parlors in the vicinity of schools will be made to the British Columbia Liquor Control Board by the Vancouver board of school trustees.

The trustees yesterday evening decided on a letter brought to their attention of the intention of a hotel proprietor to open such an establishment near one of the educational institutions.

A committee comprising two trustees was appointed to confer with City Engineer Charles Brakenridge and City Comptroller A. J. Ellington regarding the obtaining of additional funds from the Provincial Government for employing jobless men on improvement of school grounds.

Trustee Tom Brooks gave notice of motion that at the next meeting of the board he would ask passage of a resolution requesting the British Columbia Legislature to enact a measure

## Foot Sufferers

**Dr. Scholl's Foot Expert**  
will be here  
**THURSDAY**  
**JANUARY 29**

To explain the newest scientific, most advanced methods of correction—how relief can be had at once

By special arrangement with Dr. Wm. M. Scholl, the world famous Foot Specialist, an Expert of his personal staff will be at our store on the above date.

He will demonstrate Dr. Scholl's newest scientific, most advanced methods of correcting foot troubles. He will make an analysis of your foot and show you the nature and extent of your foot trouble and how you can be immediately relieved of your distress. This valuable service costs you nothing. Take advantage of it at once.

## MAN FIGHTING LASH MAY BE GIVEN COUNSEL

Appeal Court Traverses Keating Bank Robbery Appeal to Vancouver Sessions  
Solloway and Mills Counsel Contests Civil Use of Securities Frauds Act

Charles St. Clare Keating, under sentence of five years and ten lashes as a participant in the robbery of the Broadway branch of the Canadian Bank of Commerce last April, this morning continued his personal appeal to the British Columbia Court of Appeal. He was awarded transference of the hearing to the Vancouver sessions in March, pending study by the court of evidence given at the assize trial by Thomas, who had admitted to Chief Justice Morrison that he had perjured himself during the proceedings.

Chief Justice Macdonald announced that, should study of the evidence warrant further argument, the court would allow Keating defence counsel. The evidence of Thomas, produced this morning by G. M. O'Brien, Crown counsel, related incriminating admissions alleged to have been made by Keating, in the presence of his friend Solloway, but which, according to the bank staff, earlier in the assize trial Thomas had given different testimony, the subsequent statement being offered with the excuse that he had first sworn falsely as a result of threats made by other participants in the robbery.

WEAKENED EVIDENCE  
The worth of the contested evidence was further depreciated when Mr. O'Brien told the court that at the trial Thomas had admitted a criminal record in Canada and in California and that he was serving a sentence of three years for forgery, after being first allowed suspended sentence under the impression that he was a first offender. Another factor of importance was the introduction at the trial by the Crown of a denied statement by the accused, alleged to have been made to Detective Murray, but which, according to the evidence, in which substantial differences in time were given as to Keating's movements on the morning of the hold-up. It was admitted by Crown counsel that only parts of the document had been read to the accused and jury during cross-examination, but apparently the whole document had been given the jury on its retirement. There was nothing in the document to injure the appellant, but possibly the procedure was not correct.

Mr. Justice McPhillips commented upon the evidence of Keating that he had been with his friend McKennie at 10:30 o'clock, when the robbery took place five miles away at 10:30 o'clock, and remarked that, if Keating succeeded in establishing his innocence, he hereby attained the exoneration of McKennie.

McKenzie was identified by one witness as the man with a pistol who stood on the running board of an automobile outside the bank and fired down the street. He is also under sentence of five years and ten lashes. His personal appeal against the conviction was dismissed last week by the court.

SOLLOWAY CASE PROCEEDS  
The action of Solloway, Mills and McGee against Attorney-General Pooley and Mark Cosgrave, to secure a declaration that the Securities Frauds Prevention Act is ultra vires of the Provincial Legislature, is continuing with J. W. deB. Farris still addressing the court for the appellants.

Yesterday afternoon Mr. Farris stressed the intent of the act as being to acquire material on which to base subsequent fraud prosecutions. Fraud was now regarded as almost inseparable from the criminal code, legislation on all such matters being exclusively vested in the Dominion.

"The affidavits in this case show the intent of the investigation to be to acquire material for criminal prosecutions. We did, and we presented, so that could be the only object of investigations," Mr. Farris asserted after assuring Justices Martin and M. A. Macdonald that the terms of the Securities Frauds Prevention Act free the Attorney-General of necessity to reveal the material ascertained.

SUGGESTS CIVIL APPLICATION  
Mr. Justice McPhillips had earlier suggested that the act was really designed to ascertain if brokers were doing their duty by their clients. He refused the possibility that by such inquiries as to facts, clients would be enabled to take civil action for remedy.

Mr. Farris agreed that under such conditions he would not contest the validity of the act and remarked: "But it is my object and purpose to attack the act on grounds that such is not its purpose. It is my object to seek to prevent your Lordships from coming to any such conclusions as your Lordships suggest."

At the Victoria High School this morning before an audience composed of High School and College students, J. M. Humphrey, C.E., gave an interesting address on the "Possibilities of the Interior of B.C." Beautiful colored slides of the trip from Kamloops to Golden and south to the International Boundary were shown. Mr. Humphrey spoke of the undeveloped resources there and the flora and fauna. The speaker told of the few industries existing and said that there was room for many more to locate in this section with a profit.

## NEWS IN BRIEF

The Spanish Board of Trade will meet at the Institute Hall, Brentwood Bay, next Monday evening at 8 o'clock, for election of officers and presentation of accounts.

Yesterday afternoon's heavy rainfall brought the total for the month to 4.55 inches, which is 26 inches above the average for January. On Monday and Tuesday nearly an inch and a half of rain fell here.

The Victoria Women's Institute will hold its annual tea-to-morrow afternoon at the headquarters, 303 Union Building. The programme will commence at 2:30 o'clock.

The Oakland's Parent-Teacher Association will hold a military five hundred to-night at 8 o'clock in the school auditorium. Merchandise scrip prizes will be given and refreshments served.

By special request, Rev. Ada M. Garrad of Calgary will give a lecture in the Spiritualist Temple, 1414 Douglas Street, this evening at 7:45 o'clock, on "Biblical Spiritualism." This will be her last service here.

F. Cabell and W. H. Hicks were each fined \$5 in City Police Court this morning for driving cars across the boulevard on Burrard Avenue, between Linden Avenue and Cook Street.

The committee formed to arrange a petition for a referendum on a change in the form of a police commission here met yesterday afternoon but deferred action until further investigation of the matter.

John Morrison, Thomas Arkless and Anthony Collins were charged in City Police Court this morning with causing a disturbance at a rooming house on Ontario Street by being drunk. All pleaded not guilty and were remanded till to-morrow for hearing.

Canadian National Railway pictures of a trip across Canada will be shown to-night at the Eagles' Hall, Government Street, when the local branch of the C.N.E. will meet at 8 o'clock for a social evening. Dancing, entertainment and refreshments will be enjoyed by members and their wives.

I. D. Becker, who pleaded guilty to charge of driving to the common danger, following a collision on Esplanade Street, was fined \$25 or ten days in the Provincial Jail by Magistrate George Jay in City Police Court this morning. The court was informed the man had a large family and was at present engaged on civil relief work.

A. N. Mout, for a long time Comptroller-General of British Columbia, has been elected an honorary member of the Institute of Chartered Accountants, in appreciation of the distinguished public service rendered by him, the year book of the Dominion Association of Chartered Accountants stated.

The Mount Douglas Park investigation will be resumed by Commissioner Oscar Bass, K.C., next Tuesday at 10 o'clock at the Courthouse. Members of the Victoria-Saanich joint beaches and parks committee, with municipal officials will be present to explain details of the work which was halted by the intervention of Attorney-General Pooley.

With winter scenes of the different Canadian resorts of the Canadian National Railway, D. McPherson, of the local shipping office, entertained the members of the Quaid Club at the Y.M.C.A. yesterday evening. The films were shown following the supper meeting of the group. E. McLoud, president, extended a vote of thanks to Mr. McPherson for his kindness in showing the pictures to the club.

Outstanding heads of moose, caribou, big horn sheep, northern sheep, deer and mountain goat, and selected skins of moose, caribou, and black bear will be included in a British Columbia game exhibit at the British Empire Trade Fair in Buenos Aires in March. The provincial appeal against the conviction of the exhibit at the international exhibition in Leipzig last summer.

The City Temple Y.P.S. at its meeting in Temple Hall, North Park Street, on Monday evening heard Capt. B. J. Gaudin in a very interesting talk on Canadian wheat. Miss L. Frenchie contributed a steel guitar solo, and later in the programme, two short numbers, with ukulele accompaniment by Miss A. Frenchie. Mrs. Eileen Chaffey gave a solo and tap dance. The meeting was brought to a close with several enjoyable games. The next meeting will be held on February 9.

Scenes from "Nicholas Nickleby" dramatized and arranged by Mrs. Wilfrid Ord, will be presented to-night at 8 o'clock of P. Hall, on North Park Street at 8 o'clock on Friday evening next. The scenes, when last given on December 30 at the Memorial Hall, proved popular to a large and enthusiastic audience. A. W. Arnup, secretary of the newly-formed Victoria Dickens Fellowship, will speak during the evening.

Three days after he started working following three months' illness, Fred Nuenfeldt landed in the city jail to-day because he drove too fast when passing Sir James Douglas School the other day. Nuenfeldt explained to Magistrate Jay that he had just landed the job as a taxi driver. He did not intend to dispute the evidence of Constable Albert Bannister that he had driven thirty miles an hour past the school, pleading guilty to the charge. The court ordered a fine of \$25 and Nuenfeldt said he would not be able to pay so went to jail for ten days.

## Man Found Dead In Fraser River

New Westminster, Jan. 28.—Due to the fact that the body was without clothing, making identification exceptionally difficult, police officials are faced with a mystery following the discovery yesterday afternoon of the remains of a man in the Fraser River. Two Indians found the body at the confluence of the Pitt and Fraser rivers in a boom of logs. It had presumably been in the water approximately six weeks and the man was about thirty years of age.

Sidney, Jan. 28.—Mrs. Baba, wife of M. Baba, Japanese fisherman, who has been missing since January 1, when he left Sidney in his powerboat, is offering a reward for the recovery of the body of her husband. All hope has been abandoned for the safety of the fisherman.

## Civic Departments Are Speeding Up To Finish New Budget

Council Will Deal With Final Draft of Estimates for Year Next Monday Night; School Board Expected to Complete Work This Evening; Police Department Asks Small Increase; Tax Rate Predictions Indicate Substantial Jump.

## WIDOW PARTED WITH \$5,000 MORE ON 'PHOTOGRAPHS'

"Pictures" Showed Powys-Herbert's Coal Mine as Scene of Great Activity

Mrs. Morrison Found Only Water-filled Tunnel; Ex-Broker Convicted Again

Harry Powys-Herbert, head of the Consumers Coal and the Canadian Coal and Iron, entered on his fifth stock fraud criminal trial before Judge McIntosh to-day following his conviction late yesterday afternoon on the fourth charge. PHOTOGRAPHS SEEMED TO LIE

At the opening of the trial to-day, Mrs. Mary Morrison, widow of Montreal and Victoria, took the stand and identified photographs which Powys-Herbert showed her of the "mine," on which she was induced to part with another \$5,000 to him on December 3, 1929. W. C. Moresby, K.C., attorney, in putting in the "photographs" as evidence, drew attention to the fact that they showed a big mine in operation on a large scale, with boats loading, cars running, activity and action everywhere.

Actual photographs of the "mine" were then submitted by the prosecution, showing only the natural beauty of Round Island, unmarred except for the mouth of a tunnel which had been started.

Mrs. Morrison told the court of visiting the "mine" on December 7, 1930, with Mr. Bassett and finding nothing there to correspond with the "photographs." Powys-Herbert had shown her, ONLY A TUNNEL

"No sir, there was nothing at all like the photographs there," she replied to questions from Mr. Moresby. "All there was to be seen was the entrance to a tunnel, which was pretty well filled with water. There were no wharves or railroads as shown in the photographs."

Mrs. Morrison said that it was as a result of the great shipping and general development activity as shown in the photographs that she considered the Consumers' Coal Company a good investment and was thus induced to put more money into it.

Judge McIntosh agreed to adjourn when D. O. Cameron was put on the stand by the prosecution.

YESTERDAY'S TRIAL  
When Mr. Moresby got through with his evidence in the fourth case yesterday, Stuart Henderson, defence counsel, for the first time during the series of trials, refused to put his client in the witness box.

This was after Mrs. Morrison testified that the \$4,000 Powys-Herbert got from her on October 24, 1929, on three cheques was for a stock account with a Montreal broker, although at that time his savings bank account showed that he had accumulated \$11,663.74 in five months he had had dealings with her.

DISTRESSED CONDITION  
Mrs. Morrison said on that day that Powys-Herbert came to her in a very distressed condition and told her he had to have \$4,000 to cover his stock in Montreal and that he had been only able to get \$1,000. He showed her a telegram supposed to have been from Porteous & Co., Montreal brokers, demanding \$4,000, and she let him have the money.

Mr. Moresby produced Powys-Herbert's bank account in court and revealed that he had received \$4,000 from her on October 24, 1929, and that his credit account was raised to \$11,663.74, until November 5, when the Montreal cheque was paid out.

The judge, in finding Powys-Herbert guilty, said he was guilty of false pretences and fraud, as he misrepresented to Mrs. Morrison that he needed \$4,000 for a specific purpose, when he knew that statement to be false.

## Big Liquor Stock Confiscated And \$400 Fine Ordered

A police squad headed by Sergeant Arthur Bishop last Sunday afternoon raided premises occupied by Jack Meland at 605 Pandora Avenue, and seized liquor worth at a rough estimate about \$100.

Constables J. Blackstock, Henry Jarvis and Douglas Bone were included in the raiding party with the sergeant. Five men were found drinking in the place. The seizure included about twenty-seven dozen beer, half a dozen bottles of whisky, stout, gin, rum and accessories such as siphons of soda, ginger ale, glasses and trays.

With all departments hard at work to complete estimates for consideration of the City Council, it is expected that Victoria's tax rate for 1931 will be struck by the end of the first week in February. In view of the fact that a substantial increase in the levy is certain, Mayor Anson has made a determined effort to have the rate fixed as soon as possible in order that the citizens will know their liability and he stated this morning every endeavor would be made to finish the job within the next ten or twelve days.

The council has already dealt with the majority of expenditures coming under its control and next Monday will work on the budgets for the city engineer's department, the waterworks, the hospital and miscellaneous items.

SCHOOL BUDGET HIGHER  
Estimates for the Police Department and School Board, which are not controlled by the council, have been practically completed. The police expenditures planned for the year are approximately \$2,000 higher than last year, the final draft indicates, the largest increase being in salaries. The School Board will hold a special meeting this evening when it is expected the budget will be given a final revision before going to the council. An increase in this department also, looks owing to a natural salary increase for teachers and a drop in revenue from Saanich pupils.

While an accurate prediction of the 1931 rate will not be possible until the statement of receipts is presented to the council Monday by City Comptroller D. A. Macdonald, it is agreed in all circles that the jump upward in the rate will range between three and four mills which would bring the levy to about forty-four mills. Last year's rate was 40.5 mills.

UNEMPLOYMENT RELIEF  
Unemployment relief will be the greatest factor in the mill rate increase. The city is committed to an expenditure of approximately \$70,000 on this account, which means nearly two mills increase in the rate. The City Board and Police Commission will require over half a mill.

To keep the increase as small as possible the council has vigorously urged the ratepayers to contribute to the fund. The council will require over half a mill.

Prospects of a heavy week's work for the mayor and aldermen are in view if the rate is to be fixed by the first week of next month. Although resigned to the fact that an increase is certain, every possible effort will be made to minimize it, aldermen have indicated.

## OBITUARY

The funeral of Henry A. Folen took place yesterday afternoon at 2:30 o'clock from the Thomson and Pettifur Funeral Home, Rev. George Pringle officiating. The pallbearers were James King, R. Ledington, J. G. Elliott, J. M. Elliott and R. Ledington. The remains were laid to rest in the Royal Oak Burial Park.

There passed away yesterday at the family residence, 2311 Blanshard Street, Bar Allan Heister, wife of Captain William Heister, aged eighty years. She was a native of Harbor Grace, Newfoundland, and a resident of Victoria for forty years. Mrs. Heister is survived by her husband, Ronald F. Heister, and one daughter, Mrs. R. T. Loughheed, all of Victoria. The remains are resting at the Thomson and Pettifur Funeral Home and will be moved to the family residence, 2311 Blanshard Street, to-morrow morning, the funeral taking place on Friday afternoon at 2:15 o'clock, proceeding to St. John's Church where Canon F. F. Chadwick will officiate at 2:30 o'clock. Interment will be in the family plot in Ross Bay Cemetery.

At the Royal Jubilee Hospital this morning, George J. Wilneff, twenty-one-year-old son of Mr. and Mrs. John B. Wilneff, 3342 Pandora Avenue, passed away. He was born in Nova Scotia and had resided in Victoria for five months, and is mourned by his parents and two sisters, Mrs. Mary B. Boggs of Montreal and Miss Mary Wilneff at home. The remains are resting at McCall Brothers' Funeral Home and will be laid to rest in the funeral home will be in the family plot in Ross Bay Cemetery.

The death occurred yesterday of Frederick Williamson, aged seventy years. Mr. Williamson was born in England and had no relatives in this country. He served with the 54th Battalion C.E.F. in the Great War. The funeral will take place on Thursday afternoon from McCall Brothers' Funeral Home at 2:30 o'clock. Interment will be in the soldiers' plot in Royal Oak Burial Park.

The funeral of William Henry Flett was held this morning from McCall Brothers' Funeral Home, Rev. N.C. Ernsing conducted the service, during which the hymns, "Nearer My God, Thee," and "Jesus, Lover of My Soul," were sung. Interment was in Ross Bay Cemetery. The following acted as pallbearers: D. E. Beveridge, F. Dooley, J. Jewke, A. White, J. H. Flett and A. J. Anderson.

## BRANSON, BROWN CREDITORS HEAR STATEMENTS

Assets Shown as Equaling Liabilities in Bankruptcy Report to Meeting

The meeting of creditors of Branson, Brown & Co., Victoria, and Vancouver stock brokers, who closed their doors in November, was held in the Chamber of Commerce this afternoon.

Brian Twytliff-Drake, bankruptcy registrar, opened the business by calling the roll of nearly 400 listed creditors.

F. H. Kidd was named as custodian. Mr. Twytliff-Drake read to the gathering the statement of the affairs of the company, as compiled by O. M. Prentice. This statement showed total liabilities of \$152,800.58, with the assets amounting to an equal sum.

The figures read by the registrar placed at \$124,439.08 the total owing unsecured creditors. Liabilities to secured creditors were placed at \$195,352.83, less \$178,443.75 estimated value of hypothecations, leaving a net of \$16,909.08 owing. Preferential creditors claims showed a total of \$1,329.73, with \$441.20 contingent liability. This left an estimated equity for shareholders of \$9,771.53.

The assets account as presented to the meeting by Mr. Twytliff-Drake, estimated bonds and stocks at a market value of \$184,890.10, less hypothecated of \$178,443.75. Book debts were totaled at \$60,842.90, of which \$29,450.32 were set down as doubtful and \$16,171.48 as bad, having a net of good debts at \$25,231.17. Cash on hand was \$600.82. Real estate held was valued at \$95,202.98, less encumbrances of \$70,026.81, giving a net of \$25,176.17.

Amounts owing to the Royal Bank as secured creditor were: Demand loan, \$13,439.90; Vancouver Island Transportation loan, \$55,357.39; guaranteed loan \$89,710. A Royal Trust loan of \$25,625 was also included. Two Victoria men were named as guarantors to the extent of \$100,000 and given secured creditor rating.

The company's capital statement showed a total of 750 shares of \$50 par preference shares subscribed, with a total of \$37,500 paid up on them, and 2,091 shares of common stock of value of \$104,550, on which \$87,995.37 had been paid up, leaving a balance subscribed but unpaid of \$16,554.63.

## MAKING PLANS FOR MIDWINTER GOLF TOURNEY

N. R. DesBrisay Here From Winnipeg to Complete Arrangement For Feb. Meet

N. R. DesBrisay, assistant passenger traffic manager, Canadian Pacific Railway, is in the city to-day from Winnipeg to complete arrangements for the midwinter golf tournament, which will be held in Victoria from February 23 to 25.

At a luncheon presided over to-day by Mr. DesBrisay in one of the private dining-rooms of the Empress Hotel, and at which secretaries of the various clubs and prominent golfers of the city were present, the forthcoming tournament was discussed from every angle.

Greater interest is being displayed in the C.P.R. midwinter golf tournament each year and it is expected that the next month will prove to be one of the most successful ever held here.

The present holders of the trophies presented for competition by President Beatty are Harold Lineham and Mrs. Philbrick.

It is the intention of the company, if possible, to make the tournament more international in character.

## RUSSIAN PLAN DEBATE TOPIC

Victoria College Debaters Deal With Five-year Plan; Negative Side Wins

Russia's five-year plan was the subject of a debate before the Victoria College Literary Society yesterday evening. The subject was "Resolved that the completion of the five-year plan of Russia would be beneficial to humanity." Genevieve Cave-Brown-Cave and John O'Brien, took the affirmative, while J. Thompson and Don Purves opposed them.

After much discussion, in which the five-year plan was attacked by the negative as destructive to personal liberty, the decision was given in favor of the negative. The affirmative contended that the plan was a solution of unemployment, Russia having decreased the total of the jobless from 1,000,000 to less than 300,000 in less than a year. It also offered a means of getting away from the workers when the capitalist system, such as high paid executives, competition, and high prices in times of scarcity.

To refute these points the negative advanced the arguments that no incentive was offered the workers when Stalin, the head of the government, received the same wages as a day-laborer, that competition in business increased the quality of the products and that the positions of high paid executives were a goal for the people to try and attain through liberal education.

Harley Davidson, the vice-president of the society, presided. The judges were professors E. Stanley Farr and Walter H. Gage and President Richard W. Maclean of the Alma Mater Society.

## EXCEPTIONAL VALUES In Musical Instruments

See this display in our window to-day. They indicate the many exceptional values now available at Fletcher Bros—Victoria's premier music store.

# DRY WEATHER DANGERS RESTRAIN WHEAT SELLING

"Steady export business in Canadian wheat encourages the wheat trade, especially as reports from abroad indicate that native supplies are getting low. The Journal of Commerce to-day says: 'Importers have been waiting for heavy selling by the southern hemisphere countries, and in this respect they may be disappointed.'"

"Considerable short corn has been covered within the last few days and this leaves the market technically weaker.  
"There is no doubt but that continued talk of dry weather over the winter and spring belts in this country is restraining short selling of wheat. So far there is little complaint as to appearance of the winter wheat, but the fear of the condition of the plant will come when growing weather sets in.  
"Traders also talked of the 20,000,000 bushels of wheat to be taken out of farms to carry on relief work and this will come out of the visible."

## WINNIPEG

(By Logan & Bryan)  
Winnipeg, Jan. 28.—Wheat: There was a good class of buying of both rye and July wheat during the first fifteen minutes this morning that was credited to export and seaboard houses, but after this first period the market turned dull and featureless, with a small local trade passing only. However, the market held steady and fairly firm, giving consideration to the weakness in outside markets and the news generally. The price range was again narrow, being 1/4 higher to 3/4 lower. Export sales over the cable estimated 4,500,000 bushels, which followed on million bushels taken Tuesday. Part of to-day's business was understood to be for shipment at opening of navigation. Liverpool was weak, closing 1/4 to 1/2 lower and cables stated that Russia was offering large quantities for shipment, while Australia and Argentina were also pressing wheat for sale.  
The Chicago market was also weak. July wheat broke 1 1/2 cents, while May corn broke 7 1/2 cents, with only slight reactions. Buenos Aires was 1/2 to 1/4 lower this afternoon. Local demand for cash wheat continued quiet. Offerings were light with spreads practically unchanged. Flour trade, both domestic and foreign, continues very quiet, with just a small volume of new business being worked occasionally. The German official quota of native wheat for millers' grists during February and March has been fixed at 75 per cent. April and May at 65 per cent. June and July at 50 per cent. A private cable from Moscow stated that the Soviet government had exported 2,500,000 tons of grain, of which about 2,250,000 tons was wheat. There are about thirty-three bushels to a ton. The message also stated that another 2,500,000 tons of grain are awaiting shipment. Winnipeg futures closed around the bottom, showing losses of 1/4 to 3/4 cents.  
Coarse grains. These markets were very dull, with a lower selling pressure in evidence. The weakness in corn had its effect. Outside of a little local trade in oats and barely out of the eastern stocks, the cash markets were generally quiet. Oats closed 1/4 to 1/2 lower, barely 1/4 lower and rye 1/4 to 1/2 lower.  
Flax: Continued dull and featureless. Little or no demand from any quarter. Closing prices 1/4 lower. Liverpool due 1/4 to 1/2 lower on Winnipeg.

Chicago, Jan. 28.—Wheat: The July delivery sold off sharply this morning, but showed considerable resistance to selling pressure on the decline, although weakness in corn was responsible for some selling. According to the weekly weather and crop report from Washington, the winter wheat is in need of moisture in some sections, but that, on the whole, the condition is satisfactory. Buyers are slow to enter the market on the weather news, and, moreover, are depressed by continued heavy receipts, the indifference of export business in Canadian wheat and the lack of any bullish incentive on the other side.  
German reports indicate a material modification in milling restrictions, requirements of native wheat in milling of flour gradually 75 per cent. the next two months, 65 per cent. April and May, and 50 per cent. June and July. Liverpool closed 1/4 to 1/2 lower, according to export prospects, there is little concern about prospective stocks, as Canadian stocks are still large, to be disposed of in competition with southern hemisphere, so that while European over, are expected to be greater, the competition between various exporters will be heavy. Until the season progresses to a point where dry weather will be a real factor, a two-sided market is all that can be expected.  
Corn: Mild weather is a bearish influence on corn and buying spurt appear to be short lived. Buying today came largely from holders of bids. Cash demand was only fair again to day, while industries were reported buying corn in outside markets to the extent of 75,000 bushels. Otherwise sales to arrive were light. Spot basis about steady. Outlook for continued comparative warm weather. Receipts were sixty-nine cars estimated with primary arrivals of 822,000 bushels, against 1,319,000 bushels a year ago. Two-sided market likely until the latent strength in the corn situation becomes more apparent.  
Oats: The cash situation in oats is strong, but although receipts are extremely small, there is not enough buying power behind the market to offset the weakening effect of declines in other grains. For long pull think oats will show good profits, but for time being market will probably keep step pretty closely with corn.

## MONTREAL LIST SEEN SAFE FROM OPEN BREAKS

Brokers' Syndicate, Backed  
By Banks, Ready to Support  
Market

Montreal, Jan. 28.—The question heard in the "Street" recently, when stocks were declining, was "Is the Montreal Stock Exchange, with banking support doing anything to support the market?"

It will be recalled that Financial Service reported last month that such a syndicate had been formed with the sole intention of seeing that no wide-open breaks occurred on the Montreal Stock Exchange, stock that they would lend financial support whenever necessary to avert such a development.

From the action of the market up to the present week, there has been no need for the Broker's Syndicate to go out of its way to support stocks. The strength in Wall Street was sufficient influence to create a buoyant feeling here, and the leading issues were not slow to reflect this.

It can be safely assumed that should a liquidating movement become substantial, the Broker's Syndicate, which has the support of the local banks, will step in with buying orders of the leading stocks, and thus act as a cushion should a setback occur, and prevent any of the wide-open breaks experienced during the past fifteen months.

It is just for this reason that confidence is warranted in the outlook for the local market, as those buying the good stocks around current levels can rest assured that every effort will be made to prevent an unwarranted decline.

RAZOR DIVIDENDS  
MAY DISAPPEAR

New York, Jan. 28.—Wall Street is talking of the possibility of a dividend cut or elimination for Gillette Safety Razor. Action of the stock speaks elimination. Gillette has gone through a trying period. Now it has absorbed its greatest competitor, Autogrip Safety Razor. Combination of these two units should eliminate thousands of dollars of duplication.

One selling organization will do for both companies. Autogrip has an excellent foreign organization that will supplement that of Gillette. And finally, manufacturing costs can be materially reduced, as can advertising outlay. These changes, however, may take a year to put into operation. In the meantime the company is temporarily slipping back so far as earnings are concerned and may find it imperative to eliminate the dividend to conserve strength.

MORTON WOOLSEY  
MEETING CALLED

Vancouver, Jan. 28.—Shareholders of Morton Woolsey Consolidated Mines Limited will meet here for the annual

general meeting of the company, February 28, 11 a.m. for the purpose of electing directors and consideration of accounts, balance sheet and reports of directors.

WHITNEY  
LETTER

(By Logan & Bryan)

New York, Jan. 28.—Whitney of the Wall Street Financial Bureau says:

RECESSION LATE TO-DAY  
"Yesterday's market did not do anything outside the expectations for it in that it conformed pretty well with the idea that we would see a distinct thinning out of the rally during the day."

"A good deal of suspense of course was created by the fact that so many had been awaiting the etel report of an official statement to accompany it, either of both of which might perse to the advantage or disadvantage of to-day's market. The statement showing 69 cents earned in the last quarter, just about splits the difference between the higher and lower set of estimates, the former of which called for earnings of between one and \$1.10 and the latter of which is expected between 30 and 40 cents. If there is anything to make the statement still more neutral in its effect it is that approximately the upper 30 cents of the earnings recorded are due to tax refund, which leaves actual earnings back at about 40 cents."

"What was particularly noticeable during the day, and what is likely to be of greater effect on to-day's market is the rather significant performance of yesterday, in which there was a clearly defined attempt to run off a sharp interest in a list of stocks coinciding rather well with those pointed out here yesterday with those containing a rather congested condition, the significant part being that the attempt was more or less ineffectual. What this means is simply that the rally and its further possibilities on the upside have certainly thinned out, so that I believe the late portion of to-day's session will give us first evidence of a recession marking its culmination. This in turn means that you will probably be provided with one more opportunity to lighten up on any of the stocks you may have bought in the last week, and which you are still carrying as a result of not having been given the outstanding half day of strength which would provide the opportunity pointed out yesterday whether the early part of to-day's session coincides with this description or not. The best procedure is to be rather well liquidated by the time you get half way through to-day's session so that whatever dropping back this market has to do will not be carrying you down with comments on the wrong side of the market."

"At the moment, the amount of recession is largely a question of the amount of adverse news the market may have immediately ahead and to that extent it is for the moment somewhat of a question of how far back. The important point, however, appears to be that late to-day will see it in motion, so that the advice to lighten up during the early part of the day is the thing to bear in mind."

U.S. INVESTS BILLION DOLLARS  
IN CANADA IN LAST 5 YEARS

Outside investments in Canada increased by approximately \$230,000,000 during 1930, according to an analysis prepared by The Financial Post Business Year Book, 1931. This is \$45,000,000 less than the increase in 1929, and \$15,000,000 less than the increase in 1927, but is considerably above that in any other post-war year.

The cumulative total of outside investment in Canada amounted to \$4,375,583,000 as at the end of 1930, which compares with \$4,146,553,000 in 1929 and \$4,735,995,000 at the end of 1922. It will be seen, therefore that in the last eight years approximately \$1,946,000,000 of outside capital has been invested in Canada.

Of the total outside investment in Canada, 61 per cent is now American, 35 per cent British, and 4 per cent from other countries. In 1922 the percentages were: United States, 51; Great Britain, 44; and other countries, 5; and 1913: United States, 22; Great Britain, 73; other countries, 5.

In the eleven years since the war United States investments in Canada have increased by \$1,900,000,000. British investments have increased only \$22,000,000; and other foreign investments have declined \$23,000,000. In the last five years alone American investments have shown a net increase of more than \$1,000,000,000.

Residential building in metropolitan area for nineteen business days ended January 23 totaled \$1,583,200, against \$1,719,200 for 1930, up 1.2 per cent, says F. W. Dodge Corporation. Total awards for period \$42,820,800, against \$56,882,000 in same period last year. Treasury asks bids on \$60,000,000 of ninety days treasury bills, \$30,000,000 dated February 3 and \$30,000,000 dated February 4, tenders to be received up to 2 p.m. January 30.

Atlas Powder 1930 net \$2.67 a common share, against \$7.50 a share in 1929.

Standard Gas and Electric for twelve months ended November 30, total income before depreciation, \$75,119,294, against \$76,171,751 in previous twelve months.

Philadelphia Company for twelve months ended November 30 total income before depreciation \$11,724,475, against \$12,735,275 in previous twelve months.

Northern States Power Company for twelve months ended November 30 before depreciation \$16,458,959, \$17,338,983 in previous twelve months.

Hart, Schaffner & Marx declared four quarterly dividends of \$1 each for year 1930; directors and officers re-elected. Loews and subsidiary for the twelve weeks ended November 21, 1930, net profit \$2,697,021, after depreciation Federal taxes etc., but before sub preferred dividends, against \$3,151,954 for twelve weeks ended November 21, 1929.

Canadian Car and Foundry Company charged regular quarterly dividend of 44¢ on common, payable February 28, record February 14.

International Securities Corporation of America for the year ended November 30, net income, including profit on sale securities, \$2,998,356, after expenses, liquidation value of class A common on November 30 was \$20.69 a share.

Bangor and Ararat Railway for the year ended December 31, preliminary net income \$1,557,762, after taxes and charges vs. \$1,598,433 in 1929.

Federal Reserve Board weekly condition statement of January 21 shows decreases for the week of \$85,000,000 in loan and investment, \$13,000,000 in demand deposits, \$14,000,000 in Government deposits and \$10,000,000 in borrowings from Federal Reserve banks. Time deposits up \$51,000,000.

Super-heated Company 1930 net \$3.19 a share on 994,705 shares, against \$4.11 a share on 970,705 shares in 1929. General Corporation quarterly dividend of 25¢ each, payable February 27, record February 20 and March 20, respectively.

Chicago Great Western for the twelve months ended December 21, net income \$1,209,205, after income tax and other charges, against \$1,041,516, exclusive of \$194,365 back mail pay in 1929.

Try Magnesia for  
Stomach Trouble

To Neutralize Acidity and Fermentation. Prevents Indigestion, Sour Gassy Stomach

People who suffer from indigestion usually have tried pepsin, charcoal, soda and various digestive aids and get little more than slight temporary relief—sometimes not even that.

But before trying up to chronic dyspepsia, just try the effect of a little Magnesia. It is not the ordinary commercial carbonate, citrate or milk, but pure Bismarck Magnesia which you can obtain from any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making you feel bloated, heartburn and the like, or heavy, lumpy feeling that seems to follow most everything you eat. You can enjoy your meals without a fear of indigestion.

Our clients propose to arrange an exchange of several million bushels of Canadian wheat for equipment, thus retaining cash in the hands of the farmers and business people in the west.

There was no discussion on the letter at the council meeting. It was acknowledged and filed.

Canadian Press.  
Moore Jaw, Sask., Jan. 28.—Exchange of several million bushels of Canadian wheat for British gas equipment is part of the latest offer to supply natural gas to the city of Moose Jaw.

The offer was contained in a communication from an Edmonton firm, representing the British manufacturer, and was read at a meeting of the City Council. The offer read in part:

"Our clients propose to arrange an exchange of several million bushels of Canadian wheat for equipment, thus retaining cash in the hands of the farmers and business people in the west."

There was no discussion on the letter at the council meeting. It was acknowledged and filed.

## A Woman Loves the Man Who Is Superior in Force and Intelligence and Moral Strength to Herself, and on Whom She Can Depend To Be Her Friend, Counselor and Guide

A BOY asks: "What qualities in men most attract women?" First, masculinity. What the movies call he-man stuff. Bigness. Strength. Determination. Even a sort of ruthlessness. It is why cave-man tactics have always gone strong with women, for in her secret soul every woman would like to be wooed by a brute with a club, who would knock her down and seize her by the hair of her head and drag her off to the altar. It is why wives stick to husbands who beat them up and lie about how they got their black eyes and why they endure tyrants and meekly do their bidding instead of rushing off with their grievances to the divorce court.

A man might commit half the sins in the calendar and it would not be so great an offence in women's eyes as it is for him to be a sissy. Only masculine women who love to boss or women with a strongly developed maternal complex marry the meek little timid men, and when they do they treat the poor things with undeserved contempt. No woman has any respect for the man she can hen-peck, and because she has no respect for him she loses her affection for the one who will let her bully him.

Of course, women won't admit it in this day of the emancipated female, but all the same they yearn to be dominated. They want a man who is a sturdy oak on which they can lean, not a spineless clinging vine that they have to prop up. The happily married women are those who say: "I'll have to ask my husband if I may do this and do that," not the wives who have husbands whom they tell where to sign on the dotted line.

So far as men's looks are concerned, women don't care two straws whether they have classical features or pug noses, but they do like them big and brawny and real men instead of mamekins.

Next to size, the thing that attracts women most in men is brains. Women put far more stress on intelligence than men do. As long as a woman's beauty lasts men apparently do not care whether there is gray matter or a vacuum under her golden locks. You even see men who still appear to be fond of the aged morons to whom they are married.

Probably the reason that men put so much less stress on a woman's intelligence than women put on a man's is because men like to look down on women and condescend to them, whereas women yearn to look up to men. Every woman wants desperately to have her husband be her friend, counselor and guide. She wants to feel that he is wiser than she is and to be able to turn to him for advice as to an oracle.

Women admire men who read and think and know things, who see deeper into life than they do, and that explains why so many of them fall in love with their doctors and their preachers, the only men who ever talk to them about anything except the stock market and the high cost of living and why every kind of long-haired poet or expounder of a new occult philosophy or weird religion gets a big feminine following. It is a woman's blind groping after her ideal wise man.

Furthermore, women like men who have sense enough to see through them and not let them exploit them. There is no man for whom women have such a profound contempt as for the sap who is easy pay dirt for the gold-digger.

And women like men who know their way about and who know how to do things: men who know how to dance and drive a car and fix a sparkplug; men who know how to order a dinner and what plays to go to and what flowers to send a girl and who can carry on a conversation instead of sitting up like a bump on a log and who knows how to make love in a way that gives a woman a thrill to remember as long as she lives, no matter whether he means it or not. The man of the world has always been an easy winner with women. It is his technique that does it.

The third thing that attracts women in a man is spirit. Morale. Courage. Grit. The ability to stand up and fight until he drops. The dogged endurance that makes him carry on in face of every discouragement.

Somebody has said that even God hates a quitter. Certainly women do. A woman may open her arms and take back the coward who turns pale on the battlefield of life and runs to hide behind her skirts, but it is only her pity for weakness that makes her do it and she never afterwards thinks of him as a man, just a scared child who didn't have the nerve to go over the top.

Women worship success, not so much because of the fame and fortune it brings as because it enables them to be proud of their husbands and justifies their belief in them. It is the incontestable proof that their husbands have measured up to their standards of a man.

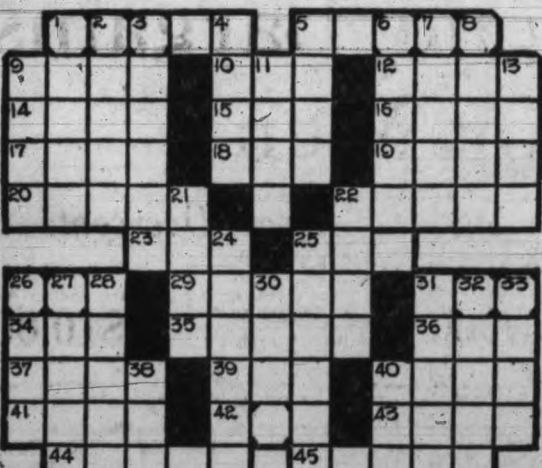

And, on the contrary, nothing so humiliates a woman as for her husband not to be able to hold his own with other men and for him to be one of the weaklings who are too lazy to work and who give up every job as soon as the novelty wears off and it settles down into the hard grind of dull, monotonous daily labor.

These are the things that attract women to men, and if, as Kipling says, you have these qualities, then, son, you are a MAN.

DOROTHY DIX.
